Destiny of the Republic Candice Millard, 2012-06-12 The inspiration for the Netflix series *Death by Lightning* – coming soon! • NEW YORK TIMES BESTSELLER • The extraordinary account of James Garfield's rise from poverty to the American presidency, and the dramatic history of his assassination and legacy, from the bestselling author of *The River of Doubt*. Crisp, concise and revealing history.... A fresh narrative that plumbs some of the most dramatic days in U.S. presidential history. —The Washington Post James Abram Garfield was one of the most extraordinary men ever elected president. Born into abject poverty, he rose to become a wunderkind scholar, a Civil War hero, a renowned congressman, and a reluctant presidential candidate who took on the nation's corrupt political establishment. But four months after Garfield's inauguration in 1881, he was shot in the back by a deranged office-seeker named Charles Guiteau. Garfield survived the attack, but became the object of bitter, behind-the-scenes struggles for power—over his administration, over the nation's future, and, hauntingly, over his medical care. Meticulously researched, epic in scope, and pulsating with an intimate human focus and high-velocity narrative drive, *The Destiny of the Republic* brings alive a forgotten chapter of U.S. history. Look for Candice Millard's latest book, *River of the Gods*.

Destiny of the Republic Candice Millard, 2011 A narrative account of the twentieth president's political career offers insight into his background as a scholar and Civil War hero, his battles against the corrupt establishment, and Alexander Graham Bell's failed attempt to save him from an assassin's bullet.

Destiny of the Republic Candice Millard, 2017-10-17 Candice Millard chronicles the life of President James A. Garfield, from his upbringing to his untimely death. Garfield's short time in office was devoted to cleaning up the corruption that was rife in a country still reeling from the Civil War. However, everything changed when Garfield was shot in the back by a disgruntled office worker. While the president's health slowly declined, a power struggle erupted over control of the administration, and the country's fate hung in the balance.

Summary of Candice Millard's Destiny of the Republic Everest Media, 2022-04-15T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The Statue of Liberty, a symbol of the country's promise, was shipped in pieces from France for the United States' Centennial Exhibition, a world's fair celebrating the country's first one hundred years. It was installed in New York Harbor in 1876. #2 Garfield was very impressed with the

exposition, and wrote in his diary that it was a success in the way of education. He believed that education was the only way the country could escape its painful past. #3 Garfield was a supporter of equal rights for freed slaves, and he argued for a resolution that ended the practice of requiring blacks to carry a pass in the nation's capital. He was also impressed by the determination of the men and women he met at the fair. #4 Bell was a teacher of the deaf, and he had come to the Philadelphia Exhibition to demonstrate his new telephone. He was disappointed to find that his exhibit was in the Massachusetts educational section, between pipe organs and educational pamphlets.

The Mother of All Booklists William Patrick Martin,2014-12-24 The Mother of All Booklists: The 500 Most Recommended Nonfiction Reads for Ages 3 to 103 is written for parents, grandparents, and teachers unfamiliar with the bewildering array of award and recommended reading lists. This book is a long overdue composite of all the major booklists. It brings together over 100 of the most influential book awards and reading lists from leading magazines, newspapers, reference books, schools, libraries, parenting organizations, and professional groups from across the country. The Mother of All Booklists is to reading books what the website Rotten Tomatoes is to watching movies—the ultimate, one-stop, synthesizing resource for finding out what is best. Mother is not the opinion of one book critic, but the aggregate opinion of an army of critics. Organized into five age group lists each with one hundred books—preschoolers (ages 3-5), early readers (ages 5-9), middle readers (ages 9-13), young adults (ages 13-17), and adults (ages 18+)—The Mother of All Booklists amalgamates the knowledge of the best English-language booklists in the United States, including a few from Canada and Great Britain. Each of the 500 books is annotated, describing the contents of the book and suggesting why the book is unique and important. Each includes a picture of the book cover.
