Be Obsessed or Be Average Grant Cardone, 2016-10-11 From the millionaire entrepreneur and New York Times bestselling author of *The 10X Rule* comes a bold and contrarian wake-up call for anyone truly ready for success. One of the 7 best motivational books of 2016, according to Inc. Magazine. Before Grant Cardone built five successful companies (and counting), became a multimillionaire, and wrote bestselling books... he was broke, jobless, and drug-addicted. Grant had grown up with big dreams, but friends and family told him to be more reasonable and less demanding. If he played by the rules, they said, he could enjoy everyone else's version of middle class success. But when he tried it their way, he hit rock bottom. Then he tried the opposite approach. He said NO to the haters and naysayers and said YES to his burning, outrageous, animal obsession. He reclaimed his obsession with wanting to be a business rock star, a super salesman, a huge philanthropist. He wanted to live in a mansion and even own an airplane. Obsession made all of his wildest dreams come true. And it can help you achieve massive success too. As Grant says, we're in the middle of an epidemic of average. The conventional wisdom is to seek balance and take it easy. But that has really just given us an excuse to be unexceptional. If you want real success, you have to know how to harness your obsession to rocket to the top. This book will give you the inspiration and tools to break out of your cocoon of mediocrity and achieve your craziest dreams. Grant will teach you how to:

- Set crazy goals—and reach them, every single day.
- Feed the beast: when you value money and spend it on the right things, you get more of it.
- Shut down the doubters—and use your haters as fuel.

Whether you're a sales person, small business owner, or 9-to-5 working stiff, your path to happiness runs through your obsessions. It's a simple choice: be obsessed or be average.

The Success Pyramid Donald W. Caudill, 2025-07-29 In *The Success Pyramid*, Dr. Donald W. Caudill, a seasoned marketing professor and dedicated researcher in the science of success, delves into the complexities and misconceptions surrounding the concept of success. *The Success Pyramid* is not just another book offering hollow promises or quick riches. Instead, it presents a meticulously refined model of success, originally conceived in 1976 and enhanced with practical insights and scientific findings from diverse fields. Dr. Caudill's model transcends conventional approaches, offering a higher success rate and a realistic path to achieving goals. The book is crafted to be both educational and engaging, devoid of

academic jargon and filled with vibrant examples, humorous anecdotes, and personal stories. Each chapter illuminates a variable critical to success, backed by scientific explanation and rational analysis. Dr. Caudill's expertise shines through as he translates complex research into accessible, actionable advice. This book is an essential read for anyone seeking a scientifically-backed, practical guide to success, written by a researcher who not only understands the challenges of achieving success but has personally navigated them.

The Ultimate Sales Bible Todd Speciale, 2024-07-19 “Add to cart folks, ADD TO CART, buy the book and get one for all your friends! And once you’ve done that, add one more. Todd Speciale has knocked this one out of the park and the true secrets to sell (the right way) are all INSIDE THIS BOOK!” – Danelle Delgado, The Millionaire Maker “INVEST in yourself right now, get this book... absorb the information and take immediate and direct action with it! Knowledge without action is worthless.” – Jason Sisneros, Chairman - Anton Jae Global Ever tried to hustle your way through a high-stakes poker game, knowing that the month's rent was on the line? Ever used the velvet touch of persuasion to angle your next pool shot or card play, ensuring the game's outcome before the final move? That's where I crafted my mastery in sales. Some get their sales savvy from polished boardrooms or prestigious MBA programs. Me, I learned the art of sales, persuasion and negotiating in the streets. Every move was calculated, and every game was a lesson in negotiation. The streets were my Ivy League, teaching me more about the human psyche and persuasive moves than any traditional classroom ever could. In this book, I reveal how the art of the hustle—from setting up poker games to guaranteeing wins in pool by sheer negotiation prowess—sculpted me into a sales titan. But this isn't just about my glory days on the streets. It's about translating that raw, unfiltered skill into a sales methodology so potent that today, I'm recognized as one of the nation's premier sales trainers, molding elite sales teams and advising the behemoths of the corporate world. While many said I was just a gambler, they didn't see the strategist within. My stories of perseverance, grit, and the raw energy of someone who's played against the house and walked away with the jackpot will prove to you that the world of sales isn't just about transactions; it's about strategy, audacity, and setting the stage for the win. Let's turn the tables on convention and beat the odds together.

365 Days to Level up Purpose and Passion Michael Assibey-Bonsu, 2018-05-11 This is a short description by the author, Michael Assibey-Bonsu, on how living the 365 principles for 365 days, found in this book, propelled him profoundly forward in life. The principles outlined in this book have completely shifted the way I see and view life on a day-to-day basis. Take, for example, the three deepest internalized principles of self-awareness, complete expression, and three for eight and ten for thirty. At the beginning of 2017, when I began to internally understand and practice these, they allowed me to uncover and harness my passion, which had always been loosely tied to business and people. From becoming self-aware and

understanding my passions, I began to completely express myself as who I am, nothing more and nothing less, which uncovered access to numerous untapped gifts and strengths I had no idea existed within me. This is how my startup companies of Nector and Digital Proof came into being and also how my latest project, Social Proof, is unfolding. These have all been created as a result of me following my passions, from self-awareness to completely expressing myself, together with living the 365 principles expressed in this book. From that point forward, the world and my purpose therein became clear, and the companies and teams I was able to build evolved effortlessly, as if an unseen yet guiding hand was directing me. I realized how everything had converged and, as a result, was able to continue adding more ideas and further innovation, which led to me understanding that I had tapped into my purpose, creating a bright and futuristic feeling. Thereafter, I followed the principle of three for eight and ten for thirty, which is the view that the future is bright and my purpose is even brighter. So the understanding that it will take a while to fully come to fruition leads to the realization and acceptance of the number of years I will have to keep moving toward my goals so as to reach who I was created to be. With these principles, the way is now clear, and I wake every day with a sense of fulfillment, regardless of the understanding of how long it may take. I now know what the end feels and looks like, which ultimately balances my passion and my purpose. This is such a powerful state of mind, and the greatest gift of wisdom that has been given to me by God the creator thus far. By positioning myself for greatness and following these 365 drops of wisdom, I wake up every day satisfied, before I've even reached my best self. These principles are not mine alone, but they are ours to share with all. I truly hope that my journey in following these 365 truths is emulated by many others and that they also reap the benefits and future they richly deserve. The present is bright, the past is forgotten, and the future is clear.

Cases on the Interplay Between Family, Society, and Entrepreneurship Abe, Ethel Ndidiamaka, Abe, Isaac Idowu, 2023-12-01 In the face of a volatile, uncertain, complex, and ambiguous world and unpredictable challenges, governments need to be able to detect those changes in real-time and quickly test policy responses to determine what works for businesses, communities, families, and individuals. Surprisingly, families and enterprises have interconnectivity. Most Small, Medium and Micro Enterprises (SMMEs) started as household vendors of daily supplies. Understanding this linkage and putting them together with professional dexterity should position them both as the panacea for tackling eventualities in the future. *Cases on the Interplay Between Family, Society, and Entrepreneurship* adopts a multi-disciplinary approach to appraising and managing the subject matter. This book is underpinned by the need to offer a repository for policymakers in organizations, governments, SMMEs, and community leaders to appreciate the role and importance of the family and SMMEs in the economic landscape of nations. The book is impactful in creating awareness about the importance and role of family and family support to members, the community, and society at large. This book as a well-referenced, peer-reviewed, and

expertly written multi-disciplinary book covering the humanities, entrepreneurship, human resource management, psychology, leadership, innovative technology, governance/political sciences, and education, add value to extant literature. The book is principally targeted at entrepreneurs, scholars, governments, opinion leaders/influencers, and entities who need competent referenced data on the subject matter as outlined.

Grant Cardone S In Order Introduction

In today's digital age, the availability of Grant Cardone S In

Order books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Grant Cardone S In Order books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Grant Cardone S In Order books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Grant Cardone S In Order versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Grant Cardone S In Order books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics.

Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Grant Cardone S In Order books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Grant Cardone S In Order books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Grant Cardone S In Order books and manuals for download have transformed the

way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Grant Cardone S In Order books and manuals for download and embark on your journey of knowledge?
