Summary of Dan John, Pavel Tsatsouline & Dave Draper's Never Let Go Everest Media,2022-03-23T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The secret to making your fitness, strength, and body composition goals is free will. Don't underestimate this, as it is the difference between making your goals and not making them. #2 Self-discipline is important, but you also need to make yourself a slave to good habits. If you use your free will to say no to cookies, you won't have any left for impossible tasks, quitting smoking, or whatever resolution you picked in a carb-induced haze sometime during the holidays. #3 You only have so much Free Will and most of us waste the majority of our self- determination, grit, or free choice long before we can muster the energy to deal with nicotine fits, carb cravings, and the three-minute wait to get on the treadmill. #4 I spend up to four weeks a year in training camps. Someone wakes me up, makes my meals, and pushes me to work out. I work hard during those weeks. I want to reinvent camp for my normal life, and I think I can by subletting my meal planning and hiring someone to do the cooking.
