A Young People's History of the United States Howard Zinn, 2022-12-20 A Young People's History of the United States brings to US history the viewpoints of workers, enslaved people, immigrants, women, Black people, Latino Americans, Asian Americans, American Indians, and others whose stories, and their impact, are rarely included in books for young people. Beginning with a look at Christopher Columbus's arrival through the eyes of the Arawak Indians, then leading the reader through the struggles for workers' rights, women's rights, and civil rights during the nineteenth and twentieth centuries, and ending with the current protests against continued American imperialism, Zinn presents a radical new way of understanding America's history. In so doing, he reminds readers that America's true greatness is shaped by our dissident voices, not our military generals. A Young People's History of the United States is also a companion volume to The People Speak, the film adapted from A People's History of the United States and Voices of a People's History of the United States.

A People's History of the United States Howard Zinn, 2015-11-17 With a new introduction by Anthony Arnone, this

updated edition of the classic national bestseller reviews the book's thirty-five year history and demonstrates once again why it is a significant contribution to a complete and balanced understanding of American history. Since its original landmark publication in 1980, *A People's History of the United States* has been chronicling American history from the bottom up, throwing out the official version of history taught in schools—with its emphasis on great men in high places—to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, *A People's History of the United States* is the only volume to tell America's story from the point of view of—and in the words of—America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As historian Howard Zinn shows, many of our country's greatest battles—the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality—were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President Clinton's first term, *A People's History of the United States*, which was nominated for the American Book Award in 1981, features insightful analysis of the most important events in our history.

Voices of A People's History of the United States Howard Zinn, Anthony Arnone, 2009 This updated companion to Howard Zinn's classic *A People's History of the United States* (Harper Perennial, 2005) brings together the powerful words and actions of women and men of all races and creeds who, though mostly powerless themselves, have made change in America across the centuries. The original source book for Matt Damon's 'The People Speak' series on The History Channel, this classic work from Zinn is a major new release.

Sample Insights: 1) The history books given to children in the United States all started with the heroic adventure of Christopher Columbus. The truth is that the arrival of the Europeans in the Americas 500 years ago was more of an invasion that resulted in slavery and the genocide of indigenous people. 2) The quiet acceptance of conquest and murder in the name of progress is only one aspect of a certain approach to history, in which the past is told from the point of view of governments, conquerors, diplomats, and leaders instead of victims.
