**21st Century Perspectives on Indian Writing in English** Debasish Lahiri, Pradipta Mukherjee, 2022-12-05 The essays gathered here alternately adjust the focal length of the critical lens brought to bear upon texts and contexts in the area of Indian writing in English. They bring into view both intense engagements with major voices in this literary scene and the wider socio-historical perspectives in which they have thrived. Three clearly defined sections on the genres of poetry, prose, and drama are augmented by three incisive interviews with the diasporic Indian English poet Bashabi Fraser, the renowned Indian English fiction writer Kunal Basu, and the premier Indian English playwright Mahesh Dattani. The volume will appeal to students and teachers of postcolonial and comparative literatures. It raises crucial and timely questions about the state of culture in India and the world, the crisis of intolerance, and the loss of memory and diversity. It hones a post-millennial perspective on literature written in the late 20th and early 21st centuries.

*Burnt Cork* Stephen Burge Johnson, 2012 Beginning in the 1830s and continuing for more than a century, blackface minstrelsy?stage performances that claimed to represent the culture of black Americans?remained arguably the most popular entertainment in North America. A renewed scholarly interest in this contentious form of entertainment has produced studies treating a range of issues: its contradictory depictions of class, race, and gender; its role in the development of racial stereotyping; and its legacy in humor, dance, and music, and in live performance, film, and television. The style and substance of minstrelsy persist in popular music, tap and hip-hop dance, the language of the standup comic, and everyday rituals of contemporary culture. The blackface makeup all but disappeared for a time, though its influence never diminished?and recently, even the makeup has been making a comeback. This collection of original essays brings together a group of prominent scholars of blackface performance to reflect on this complex and troublesome tradition. Essays consider the early relationship of the blackface performer with American politics and the antislavery movement; the relationship of minstrels to the commonplace compromises of the touring show business and to the mechanization of the industrial revolution; the exploration and exploitation of blackface in the mass media, by D. W. Griffith and Spike Lee, in early sound animation, and in reality television; and the recent reappropriation of the form at home and abroad. In addition to the editor, contributors include Dale Cockrell, Catherine Cole, Louis Chude-Sokei, W. T. Lhamon, Alice Maurice, Nicholas Sammond, and Linda Williams.
