*The Laundromat* Jake Bernstein,2025-10-16 Secrecy World is the inspiration for the Major Motion Picture The Laundromat from Director Steven Soderbergh, Starring Meryl Streep, Gary Oldman, and Antonio Banderas A two-time Pulitzer Prize-winning journalist takes us inside the world revealed by the Panama Papers, a landscape of illicit money, political corruption, and fraud on a global scale. A hidden circulatory system flows beneath the surface of global finance, carrying trillions of dollars from drug trafficking, tax evasion, bribery, and other illegal enterprises. This network masks the identities of the individuals who benefit from these activities, aided by bankers, lawyers, and auditors who get paid to look the other way. In Secrecy World, the Pulitzer Prize winning investigative reporter Jake Bernstein explores this shadow economy and how it evolved, drawing on millions of leaked documents from the files of the Panamanian law firm Mossack Fonseca—a trove now known as the Panama Papers—as well as other journalistic and government investigations. Bernstein shows how shell companies operate, how they allow the superwealthy and celebrities to escape taxes, and how they provide cover for illicit activities on a massive scale by crime bosses and corrupt politicians across the globe. Bernstein traveled to the Caribbean, Latin America, Europe, and within the United States to uncover how these strands fit together—who is involved, how they operate, and the real-world impact. He recounts how Mossack Fonseca was exposed and what lies ahead for the corporations, banks, law firms, individuals, and governments that are implicated. Secrecy World offers a disturbing and sobering view of how the world really works and raises critical questions about financial and legal institutions we may once have trusted.

House of Trump, House of Putin Craig Unger, 2018-08-14 THE NEW YORK TIMES BESTSELLER “The story Unger weaves with those earlier accounts and his original reporting is fresh, illuminating and more alarming than the intelligence channel described in the Steele dossier.”—The Washington Post House of Trump, House of Putin offers the first comprehensive investigation into the decades-long relationship among Donald Trump, Vladimir Putin, and the Russian Mafia that ultimately helped win Trump the White House. It is a chilling story that begins in the 1970s, when Trump made his first splash in the booming, money-drenched world of New York real estate, and ends with Trump’s inauguration as president of the United States. That moment was the culmination of Vladimir Putin’s long mission to undermine Western democracy, a mission that he and his hand-selected group of oligarchs and Mafia kingpins had ensnared Trump in, starting more than twenty years ago with the massive bailout of a string of sensational Trump hotel and casino failures in Atlantic City. This book confirms the most incredible American paranoias about Russian malevolence. To most, it will be a hair-raising

revelation that the Cold War did not end in 1991—that it merely evolved, with Trump’s apartments offering the perfect vehicle for billions of dollars to leave the collapsing Soviet Union. In *House of Trump, House of Putin*, Craig Unger methodically traces the deep-rooted alliance between the highest echelons of American political operatives and the biggest players in the frightening underworld of the Russian Mafia. He traces Donald Trump’s sordid ascent from foundering real estate tycoon to leader of the free world. He traces Russia’s phoenix like rise from the ashes of the post-Cold War Soviet Union as well as its ceaseless covert efforts to retaliate against the West and reclaim its status as a global superpower. Without Trump, Russia would have lacked a key component in its attempts to return to imperial greatness. Without Russia, Trump would not be president. This essential book is crucial to understanding the real powers at play in the shadows of today’s world. The appearance of key figures in this book—Paul Manafort, Michael Cohen, and Felix Sater to name a few—ring with haunting significance in the wake of Robert Mueller’s report and as others continue to close in on the truth.

**Cop Cop** Mac Muir,Greg Finch,2025-04-29 In the vein of *Evicted* and *Locking Up Our Own* comes a seminal work that delves deep behind the “Thin Blue Line” of policing and police misconduct to demonstrate what really goes on when you try to hold the police accountable. How often do you think about the police? Who do you think of? Columbo? Chief Wiggum? Derek Chauvin? Do you think of just one officer, or do you think of the police as an institution? From movies and television to everyday life, a police presence looms over most conflict. Today, we know this to be most true for Black Americans, for whom the suspense of policing is constant. And too often, the argument over dinner devolves into a 9-1-1 call, blue and red lights, and possibly a door rammed open. Some of us are watched by the police, and others are chased. But if there was a defining feature of the 2020 protests over the murder of George Floyd, it was the collective confusion about how we got to this point. Policing, it seemed, had become as ahistorical as it was brutal. Despite fragmented coverage about police unions, militarization, and systemic racism, America remained hazy on the details of what cops had been doing all along. There is a Blue Wall, and ways to get behind it. The authors of this book, Anon 1 and Anon 2, are senior investigators of a government agency tasked with policing the police in New York City. They’re our eyes on the inside, and this book will take us into their world. *COP COP* follows the web of real cases that the authors investigated over several years inside the Civilian Complaint Review Board. As they investigate everything from offensive language and chokeholds to shootings, the larger investigation builds into their argument for six simple solutions to fix American policing. Readers will come away with a new vantage point, as well as the tools of an investigator. By combining their unique perspectives as police misconduct investigators with a synthesized history of policing, this book offers newfound insights into what policing really looks like, what the problems are, and what practical steps are necessary to create a criminal justice system that is truly just.

How to Start a Laundromat Business John Russel (Entrepreneur), 2022 The author shares basic understanding and lessons learned after 20 years working in the self-service laundry industry, many spent running a laundromat.

*Casa di Trump, casa di Putin* Craig Unger, 2018-09-13T00:00:00+02:00 Casa di Trump, casa di Putin è la prima indagine completa sulla relazione decennale tra Donald Trump, Vladimir Putin e la mafia russa, un legame che ha aiutato Trump ad arrivare alla Casa Bianca. Una storia avvincente che inizia negli anni settanta - quando Trump fa la sua comparsa nel settore immobiliare di New York, un mondo pieno di soldi e in espansione - e che culmina con la sua elezione a presidente degli Stati Uniti. Quel giorno segna il punto di arrivo del lungo progetto russo di indebolire la democrazia occidentale. Un progetto che

è cominciato trent'anni prima, quando la mafia russa puntò le proprietà di Trump per ripulire il proprio denaro, e che ha portato gli oligarchi di Putin e i boss mafiosi a salvare il tycoon da una serie di clamorosi fallimenti dei suoi hotel e casinò ad Atlantic City. Questa inchiesta conferma i peggiori sospetti americani sulle ingerenze russe ed è la rivelazione sconcertante che la guerra fredda non è finita nel 1991, ma si è semplicemente evoluta: gli affari immobiliari di Trump sono diventati il veicolo perfetto per investire miliardi di dollari dall'Unione Sovietica al collasso. In Casa di Trump, casa di Putin, Craig Unger segue le tracce dell'alleanza tra le alte sfere della politica americana e i protagonisti del mondo sommerso della mafia russa. Documenta l'ascesa di Trump da magnate immobiliare alla più alta carica del paese. Descrive la rinascita russa dalle ceneri dell'Unione Sovietica così come il suo incessante desiderio di rivalsa contro l'occidente, per reclamare il suo ruolo di superpotenza globale. Senza Trump, alla Russia sarebbe mancato un elemento chiave per tornare alla sua grandezza imperiale. Senza la Russia, Trump non sarebbe presidente. Questo libro, appassionante come un thriller, è una lettura essenziale per comprendere i veri poteri che manovrano nell'ombra il mondo in cui viviamo.
