

Little Fall Of Rain Sheet Music

Henry C. Martin, Irving Williams

Music Theory Through Musical Theatre John Charles Franceschina, 2015 *Music Theory through Musical Theatre* takes a new and powerful approach to music theory. Written specifically for students in music theatre programs, it offers music theory by way of musical theatre. Not a traditional music theory text, *Music Theory through Musical Theatre* tackles the theoretical foundations of musical theatre and musical theatre literature with an emphasis on what students will need to master in preparation for a professional career as a performer. Veteran music theatre musician John Franceschina brings his years of experience to bear in a book that offers musical theatre educators an important tool in equipping students with what is perhaps the most important element of being a performer: the ability to understand the language of music in the larger dramatic context to which it contributes. The book uses examples exclusively from music theater repertoire, drawing from well-known and more obscure shows and songs. Musical sight reading is consistently at the forefront of the lessons, teaching students to internalize notated music quickly and accurately, a particularly necessary skill in a world where songs can be added between performances. Franceschina consistently links the concepts of music theory and vocal coaching, showing students how identifying the musical structure of and gestures within a piece leads to better use of their time with vocal coaches and ultimately enables better dramatic choices. Combining formal theory with practical exercises, *Music Theory through Musical Theatre* will be a lifelong resource for students in musical theatre courses, dog-eared and shelved beside other professional resource volumes.

Broadway Sheet Music Donald J. Stubblebine, 1995 Stubblebine, also the author of *Cinema Sheet Music* (1991), provides a comprehensive listing of the published songs from every composer in all Broadway shows, 1918 through 1993. Each of the 2,562 entries include the show's title, year the show opened, a listing of all songs in the production with composers and lyricists, and the show's leading players. The sheet music cover is also described, along with a one-line synopsis of the show. A limited number of shows that closed before reaching Broadway are also included. Indexed by song and by composer/lyricist. c. Book News Inc.
