Quotationary - The A-Z Book of Quotations Nasser Amiri, 2024-06-27 Compiled over many years by Nasser Amiri, this is by far the most comprehensive collection ever compiled of carefully selected quotations from the world's great philosophers, writers, historians, musicians and thinkers. Quotationary is a source of inspiration for every writer, book-lover and thinker. It contains the thoughts of many of the finest minds since ancient man started to express his wit and wisdom in aphoristic form. It is inspirational, instructive, amusing and literary; alongside a dictionary and thesaurus it is a must-have purchase for any author, writer, journalist or anyone working with words.

Concise Collection of Useful Words + Bits and Pieces Dr. S.P. Thakur, 2020-04-10 This book is an Omnibus in the sense that it comprises several items of the English language, viz; vocabulary, idioms and phrases, phrasal verbs, formal and informal words, impolite and polite expressions, binomial pairs, quotable quotes, examples of conversation and tips for English speaking skill. It is concise but 'multum in parvo'. This book is immensely useful from usage point of view. A dictionary encompasses mind-boggling number of words but only selected ones serve practical purposes. The author has arduously endeavoured towards short-listing such common as well as advanced vocabulary. Getting command over this collection, albeit in manageable doses, will ensure greater all-round comprehension of the language and smooth reading of texts without hiccups. It will enable to communicate easily with precise language, produce the language effectively, and express ideas, opinions, and feelings accurately in correct context. All this would be possible without frequently taking recourse to dictionary. The English language is a language with a vast idiomatic base. Uses of idioms, phrases, proverbs, and phrasal verbs are pervasive throughout the English language which add colour to the language and make the speech and

writing much more eloquent and enchanting. The organs of this book are supposed to make the communication more colourful, smooth and interesting in every walk of life. This book will be worthy for faculty members, professionals, and students.
