Queer Aging in North American Fiction Linda M. Hess, 2019-01-24 Exploring representations of queer aging in North American fiction, this book illuminates a rich yet previously unheeded intersection within American culture. At a time when older LGBTQ persons gradually gain visibility in gerontological studies and in the media, this work provides a critical perspective concerned with the ways in which the narratives and images we have at our disposal shape our realities. Each chapter shines a spotlight on a significant work of queer fiction, beginning with post-WWII novels and ending with filmic representations of the 2010s, exploring narratives as both reflections and agents of broader cultural negotiations concerning queer sexuality and aging. As a result, the book not only redresses queer aging's history of invisibility, but also reveals narratives of queer aging to be particularly apt in casting new light on the ways in which growing older is perceived and conceptualized in North American culture.

The ^AAmerican Child Steven Mintz, Peter N. Stearns, 2025-09-18 The American Child is an essential history that recounts changes in American childhood. This authoritative book challenges the view that the problems facing today's kids are simply the product of social media, video games, the internet, the breakdown of the family, and the decline of marriage, instead showcasing larger changes in the American economy and culture and the relationship between society and government after World War II.

Literacy in Grades 4-8 Nancy L. Cecil,Joan P. Gipe,Merrill E. Marcy,2017-07-05 Comprehensive yet succinct and readable, *Literacy in Grades 4-8*, Third Edition offers a wealth of practical ideas to help preservice and practicing teachers create a balanced and comprehensive literacy program while exploring the core topics and issues of literacy in grades 4 through 8. It addresses teaching to standards; differentiating instruction for readers and writers; motivating students; using assessment to inform instruction; integrating technology into the classroom; working with English learners and struggling readers; and connecting with caregivers. Selected classroom strategies, procedures, and activities represent the most effective practices according to research and the many outstanding classroom teachers who were observed and interviewed for the book. The Third Edition includes added material connecting the Common Core State Standards to the instruction and assessment of literacy skills; a combined word study and vocabulary chapter to help readers integrate these important topics in their teaching; more on technology, including comprehension of multimodal texts, enhancing writing instruction with technology tools, and teaching activities with an added technology component; added discussion of teacher techniques during text discussions, strategic moves that help students become more strategic readers. Key features: In the Classroom vignettes; more than 50 activities,some with a technology component; questions for journal writing and for projects and field-based activities; troubleshooting sections offering alternative suggestions and activities for those middle-grade students who may find a particular literacy focus challenging.

Creativity in Primary Education Anthony Wilson,2014-12-04 An alien spaceship crash landed in my playground today For one primary school in England, this was not an ordinary day. It was a fabulous day of inspiration, writing, drawing, discovering and learning for the pupils, the staff and the parents. But the best thing of all? The only truly out of the ordinary thing was the alien spaceship. So how do you make creativity a more everyday part of primary teaching? Teachers and trainees agree that creativity is a fabulous thing. But to get creative approaches into everyday teaching, you need to tackle the question - what is creativity? This book explores this question in an accessible and practical way. It helps trainees to do more than 'know it when they see it', by helping them to understand the separate and very diverse elements of creativity. The third edition of this popular text retains key material, but it has been updated and revised to include two new chapters on the

creative curriculum, along with links throughout to the Standards and the new National Curriculum. This book will help you enhance your teaching so you and the children in your class can be: fellow explorers, adventurous discoverers and spontaneous investigators!

The Children's Hour, Volume 10. Modern Stories Eva March Tappan, 2013-07 This early work by Eva March Tappan was originally published in 1907 and we are now republishing it with a brand new introductory biography. 'Modern Stories' is a collection of short stories by John Ruskin, Charles Dickens, Edgar Allen Poe, and many other notable authors of fiction. Eva March Tappan was born on 26th December 1854, in Blackstone, Massachusetts, United States. Tappan began her literary career writing about famous characters from history in works such as 'In the Days of William the Conqueror' (1901), and 'In the Days of Queen Elizabeth' (1902). She then developed an interest in children's books, writing her own and publishing collections of classic tales.
