The Bachelor Life Travis J. Hawke, 2014-01-26 The bachelor years are the single time in a man's life when he is free to live the life of his choosing. Liberated of the shackles and expectations of his parents, he is yet unburdened by the future rigours and responsibilities that come with having a wife, kids, a career job, and endless bills that will routinely have him consider changing his name and fleeing to live out his days on a South American beach. A vast world of opportunity awaits the modern day bachelor. Whether it is the residence he chooses to support his lifestyle, the trials and tribulations he experiences in the world of dating and its accompanying nightlife, forays into social media and online dating, or even the occasional (and memorable) road trip or festival, each contributes to the life of a bachelor and is there to be enjoyed to the fullest. Experience the life of the bachelor. What it entails. The highs. The lows. Whether your approach is to prepare yourself for the bachelor years ahead, enhance the experience you are already enjoying, or use it to tap into the joys your life once held, no stone is left unturned. Join comedic author Travis J. Hawke and his A-Team/roundtable of girls for an entertaining look into the world of the modern day bachelor. Offering a unique perspective on the era a man only gets to experience once, 'The Bachelor Life' is a quintessential guide that can be used to maximise this fleeting time and showcase its true value.

Beddable Billionaire Alexx Andria, 2018-08-01 From USA TODAY bestselling author Alexx Andria comes the second book in the Dirty Sexy Rich series! Nico Donato, the youngest billionaire brother, will stop at nothing to get his woman... Journalist Lauren Hughes needs her job. And if that means writing a feature on Nico Donato—billionaire playboy and primo fantasy material for every straight woman with a pulse—so be it. All she has to do is not be charmed by him. Or tempted. Or invite this sexy, too-hot-to-be-true man into her real world...especially when he has the power to destroy it. The reporter Luxe magazine sent to his penthouse is not who Nico Donato expected. The woman's gruff exterior and lack of style confuse him. For a staffer at one of New York's hottest fashion magazines, Ms. Hughes doesn't appear chic, poised or charming. Despite himself, he's intrigued. Few women can resist the Donato appeal, but she can—superbly. What's her deal? When Nico sets a plan in motion to get Lauren closer to him—and inevitably into his bed—he tells himself he's just having a little fun. But the more he gets to know Lauren, the more time he wants with her. And the more time he gets, the more he wants something he never thought to have...a true connection. Can a jaded reporter open herself up to love, and can a notorious playboy settle

down for the right woman? "Dare is Harlequin's hottest line yet. Every book should come with a free fan. I dare you to try them!" —Tiffany Reiz, international bestselling author Sexy. Passionate. Fifteen Years Lisa Reed, 2010 To the world at large Samantha has it all: marriage to her high school boyfriend Jason, now a wealthy entrepreneur, a fifteen-year-old son and a residence in the smart part of town. But Sam has managed to survive her marriage only by suppressing the dark secret that she was forced into a marriage she never wanted and obliged to sacrifice the love of her life. On a visit to her hometown she meets for the first time in fifteen years the man who should have been hers, Kelly Ty. The onetime schoolboy nerd has turned into a handsome, bronzed surfer of international acclaim. Sam realizes that the pain of losing her, which drove him to success, was ironically the best thing that ever happened to him...but the indefinable sense of emptiness within her continues to grow. Lisa Reed takes us back to Sam's school days, interspersing past and present, as the story unfolds. The tension between Sam and Jason mounts, and she lights the fuse... LISA REED Lisa Reed is by vocation a sensational writer, by profession a teacher of children with special educational needs and, through her marriage to Dizzy Reed of Guns n' Roses, she is right at the centre of Californian rock. *Fifteen Years* is Lisa's third novel. Her debut novel, *Sabra's Soul*, took us to the heart of the Californian rock music scene in a story of love, lust and betrayal. In her second novel, *Ember's Flame*, the heroine is drawn into a love triangle with the man she is to marry and the man she knows she can never have. A true Californian, where she still resides, Lisa is the mother of two beautiful daughters.

Mind Breach J. L. W. Bressler, 2014-06-02 Our story begins with a tragedy that rips apart the minds (a mind breach) of everyone involved. Can you think of an act that would be severe enough to literally rupture your brain? Ryan Benet can, and the only way to escape such pain is to enroll at a private school named Kimball Academy. The school has a long list of alumni who graduated from Ivy League Schools. That's Ryan's goal, but instead of fame and fortune, he becomes immersed in strange behavior and intense experiments. In the beginning, the students don't appear frightened when a bell rings and they all stop, as if frozen in time, and then run to the side of the building forming lines that face the wall. What's causing such odd behavior? It appears the students have been conditioned to respond to the school's bell system. *Mind Breach* is a thriller based on Pavlov's conditioning theory, and the use of procedures and bell systems in a private school setting. Against a backdrop of paintball wars and Twinkie experiments, a group of teenagers is targeted for an experiment gone wrong. This page turner includes a message of caution in today's age of technological advancements. About the Author J.L.W. Bressler grew up in Vallejo, California, moved to Utah, and is currently a music teacher in Boise, Idaho, which she calls going from surf, to ski, to spud. As a teacher, you want to reach and inspire each student you come in contact with, but sometimes their behaviors make that difficult. I have worked with amazing teachers who use every method they can to mold, and yes, control the student. What works? This book is a bit of a satire on that journey. Active Memory Dan Wells,2018-02-13 From Dan Wells, author of the New York Times bestselling *Partial Sequence*, comes the third installment in a thrilling sci-fi noir series set in 2050 Los Angeles. Even in a world where technology connects everyone's minds, it would seem that some secrets can still remain hidden. For all the mysteries teen hacker Marisa Carneseca has solved, one has always eluded her: When she was two years old, she was in a car accident in which she lost her arm and a mob boss's wife, Zenaida de Maldonado, lost her life. No one can tell her what she was doing in that car, or how it led to the feud between the Carnesecas and the Maldonados. The secrets from the past rise violently to the surface when Zenaida's freshly severed hand shows up at the scene of a gangland shooting. If Zenaida is—or was—still alive, it means there's even more about Marisa's past that she doesn't know. And when everyone from Los Angeles gangs to the world's largest genetic engineering firms becomes involved in the case, it's clear there's more happening under the surface than anyone cares to admit. The truth is out there, and Marisa will have to thread together lost friends, corporate assassins, a gang lord's digital brain, and what might be a literal ghost from the past in order to find it.
