**Brendan G. Carr**

At Home in Time Patrick Deane, 1994 Patrick Deane argues that modern English poetry, in some key aspects, is deeply indebted to the classical tradition and, more particularly, to the attitudes and modes of the eighteenth century. He illustrates how neo-Augustan values are apparent in the works of T.S. Eliot, W.H. Auden, Louis MacNeice, A.D. Hope, Donald Davie, Charles Tomlinson, and others.

**Defiant Joy** Kevin Belmonte, 2011-01-03 You may be aware that G. K. Chesterton authored influential Christian biographies and apologetics. But you may not know the larger-than-life Gilbert Keith Chesterton himself—not yet. Equally versed in poetry, novels, literary criticism, and journalism, he addressed politics, culture, and religion with a towering intellect and a soaring wit. Chesterton engaged his world through the written word. He carried on lively, public discussions with the social commentators of his day, continually challenging them with civility, humility, erudition, and his ever-sharp sense of humor. Today's reader can find the same treasures, for as Chesterton said, "What a man can believe depends upon his philosophy, not upon the clock or the century." In Kevin Belmonte's fresh new biography, you'll get to know the real G. K. Chesterton and his literary and cultured accomplishments. A giant of his time, Chesterton continues to live large in the imaginations of twenty-first-century readers. Endorsements: "Chesterton's explanation of Christianity makes absolute sense of the world. He reminds us that, free of our comforting delusions, reality is a tragic adventure in which we get to participate." —DONALD MILLER, author of the New York Times bestsellers *A Million Miles in a Thousand Years* and *Blue Like Jazz* "Bravo to Kevin Belmonte for turning his caring attention to the incomparably hilarious and brilliant genius that is G.K. Chesterton!" —ERIC METAXAS, New York Times best-selling author of *Bonhoeffer: Pastor, Martyr, Prophet, Spy* and *Amazing Grace: William Wilberforce and the Heroic Campaign to End Slavery* "There's a great new biography about one of the Christian giants of the 20th Century. And I mean that literally. To read Kevin Belmonte's recent book *Defiant Joy: The Remarkable Life & Impact of G. K. Chesterton*, is to feel a powerful sense of longing . . . because there is such a longing, a great need for advocates like Chesterton in our day. . . . But let's be grateful we still have the works of that great man to study and learn from. . . And we also have for you have Belmonte's vibrant new biography -- a wonderful reminder of the magnificent example Chesterton has set for us."—CHUCK

T.S. Eliot, a Study in Character and Style Ronald Bush,1983 The centenary of Eliot's birth in 1988 provided the salutary occasion to go back to his life and work, to reassess him in the light of issues raised by various critical movements--the new historicism, feminism, reader-reception theory--that have come to the fore since the New Criticism poststructuralist. This sort of reassessment is the lively and pertinent idea behind Ronald Bush's collection of new essays on Eliot. The essays assembled vary in approach, but share a commitment to the discipline of history, and an awareness that history can function as critique as well as celebration. Many of the essays take issue with Eliot's self-presentation and include documents Eliot chose not to emphasize. Some press the limits of literary and intellectual history to enter areas of cultural practice, stressing the institutions of publishing and the social processes of gender formation. Other essays address issues such as the direction of twentieth-century writing, the impact of self-professed masculinist poetry on women readers, and whether modernism's social values were really consistently inimical to liberal visions of the future.

Scents & Sensibility Catherine Maxwell,2017 Explores Victorian literature through scent and perfume, presenting an extensive range of well-known and unfamiliar texts in intriguing and imaginative new ways that make us re-think literature's relation with the senses. A selection of poems, essays, and fiction, exploring these texts with reference to both the little-known cultural history of perfume use and the appreciation of natural fragrance in Victorian Britain. It shows how scent and perfume are used to convey not merely moods and atmospheres but the nuances of the aesthete or decadent's carefully cultivated identity, personality, or sensibility.

Understanding Lacan, Understanding Modernism Thomas Waller,Sinan Richards,2025-09-04 Presents the most wide-ranging and in-depth exploration of the influence of modernist art and literature on Jacques Lacan, emphasizing the valences of Lacanian psychoanalysis for interpretations of modernism. A notorious presence in French intellectual circles throughout the 20th century, Lacan was personal friends with modernists such as André Breton and Salvador Dalí, and in 1923 was present at the legendary reading of Ulysses at the Shakespeare and Company bookshop by James Joyce, to whom Lacan would devote a year of his seminar in 1975-76. Lacan also contributed to several Surrealist publications, including the famous magazine Minotaure, the inaugural edition of which featured special mention of Lacan's early work on psychosis. However, despite his affinity with early 20th-century modernism, Lacan's name is still more routinely associated with the category of so-called postmodernism, thus rendering the question of style and periodization somewhat out of focus. Understanding Lacan, Understanding Modernism asks and responds to a series of questions, including: Is Lacan a modernist

or a postmodernist, and what is the difference? How significant was the influence of modernist literature and art on the development of Lacan's ideas? How does our understanding of modernism change when viewed through a Lacanian lens? The final section identifies key Lacanian concepts, offering context and a discussion of their usage and relevance in current thought.
