Leonard Falk Manheim

Don'T Tell Me Your Wife Likes It Ronald C. Gordon,2013-03-28 In 2009, Ronald C. Gordon published *Not Fade Away*, a coming-of-age story set in Texas in 1959. A first novel, it was the product of many drafts, considerable professional editing, and a long, arduous attempt to find an agent and publisher. Now, in *Dont Tell Me Your Wife Likes It* (one particular literary agents sole criterion for submissions to him), Mr. Gordon recounts his painful and frequently hilarious rollercoaster ride to publication. The author details not only the joys and frustrations of creating a long work of fiction, but also the many pitfalls and compromises that await the first novelist with a marketable manuscript. He introduces us to the How-To tribe of Literary Wannabeeland, the horde of self-described experts who claim to know all the rules for writing saleable fiction and who, for a price (financial and otherwise), will share the secret to success with their even more numerous prey. He also explores the particular problems that await the author of literary fiction in a publishing marketplace dominated by genre fiction and a mythical target audience he designates dumb and dumber. In doing so, the author demonstrates a profound understanding of literary history, the craft of writing, and the role of autobiography in creating fiction. Above all, he convinces us that a good writer is first of all a good reader. Part memoir, part literary analysis, and a thoroughly cautionary tale, *Dont Tell Me Your Wife Likes It* offers an entertaining and illuminating examination of what it means to be a unknown, unpublished novelist in todays highly competitive literary marketplace.

Fiction Catharine Abell,2020-06-10 By taking a distinctively institutional approach, Catharine Abell provides a unified solution to a wide range of philosophical problems raised by fiction. In particular, she draws attention to the epistemology of fiction, which has not yet attracted the philosophical scrutiny it warrants. There has been considerable discussion of what determines the contents of works of fiction, yet few attempts have been made to explain how audiences identify their contents, or to identify the norms governing the correct understanding and interpretation of them. This book answers both metaphysical and epistemological questions concerning fiction in a way that clarifies the relation between them: What distinguishes works of fiction from works of non-fiction? What is the nature of fictive utterances? How do audiences identify the contents of authors' fictive utterances? How does understanding a work of fiction differ from interpreting it? This book develops the first single theory to provide answers to these questions and many more.

Sense and sensibility, Emma, and Persuasion. (New century libr). Jane Austen,1903

Emma Illustrated Jane Austen,2019-01-21 Emma, by Jane Austen, is a novel about youthful hubris and the perils of misconstrued romance. The story takes place in the fictional village of Highbury and the surrounding estates of Hartfield, Randalls, and Donwell Abbey and involves the relationships among individuals in those locations consisting of 3 or 4 families in a country village.[2] The novel was first published in December 1815 while the author was alive, with its title page listing a publication date of 1816. As in her other novels, Austen explores the concerns and difficulties of genteel women living in Georgian-Regency England; she also creates a lively comedy of manners among her characters and depicts issues of marriage, gender, age, and social status.Before she began the novel, Austen wrote, I am going to take a heroine whom no one but myself will much like.[3] In the first sentence, she introduces the title character as Emma Woodhouse, handsome, clever, and rich.[4] Emma is spoiled, headstrong, and self-satisfied.

Emma (□□) Jane Austen,2011-04-15 Emma, by Jane Austen, is a comic novel about the perils of misconstrued romance. The novel was first published in December 1815. As in her other novels, Austen explores the concerns and difficulties of genteel women living in Georgian-Regency England; she also creates a lively 'comedy of manners' among her characters. Before she began the novel, Austen wrote, I am going to take a heroine whom no-one but myself will much like.[1] In the very first sentence she introduces the title character as Emma Woodhouse, handsome, clever, and rich. Emma, however, is also rather spoiled; she greatly overestimates her own matchmaking abilities; and she is blind to the dangers of meddling in other people's lives and is often mistaken about the meanings of others' actions.
