Latin American Popular Culture Arthur A. Natella, Jr., 2014-01-10 This book details many aspects of Latin American culture as experienced by millions of people living in Central and South America. The author argues that despite early and considerable European influences on the region, indigenous Latin American traditions still characterize much of the social and artistic heritage of the Latin American countries. Several chapters provide detailed accounts of daily life, including descriptions of contemporary dress, mealtime traditions, transportation, and traditional ways of conducting business. Other chapters focus on the cultural significance of the popular music, art, and literature prevalent in each Latin American country. Instructors considering this book for use in a course may request an examination copy here.

Climate and Literature Janet Pérez, Wendell M. Aycock, 1995 With the rise of a succession of sophisticated approaches that largely disregard literature's traditional role as a mirror of life, climate and other environmental factors have been generally disregarded in the interpretation of literary texts during recent decades. For that reason, it is only fitting that the climatological dimension be re-explored after a forty-year hiatus. *Climate and Literature* embraces a significant revision of the original telluric notions about the determinist relationship between climate and the attitudes and behavior of literary characters set in particular surroundings. In place of such vague notions, we find within these pages interesting and stimulating examples of true applied science and contemporary literary theory that more often than not treat literary depiction of climate not so much as a reflection of influence of particular geographic environments, but as a powerful symbol for psychological or textural processes undergone by the novels' characters, narrators or readers. Dr. Thomas Franz, Ohio State University.

The Flight of the Condor Jennifer Gabrielle Edwards, 2007 These stories from Colombia contain pain and love, and sometimes even humor, allowing us to see a vibrant country amidst the death and loss. We encounter townspeople overcome by fear, a man begging unsuccessfully for his life, an execution delayed for Christmas, the sounds and smells of burning coffee plantations, and other glimpses of daily life. This anthology reveals the contradictions and complexities of the human condition.

Travesías históricas y relatos interdisciplinarios Yobenj Aucardo Chicangana, Susana Ynés González Sawczuk, Renzo

Ramírez Bacca, 2015-01-01 La presente edición es una compilación de ensayos elaborados por estudiantes y egresados del pregrado de historia de la Universidad Nacional de Colombia, sede Medellín y la Universidad de Antioquia, que se vincularon en calidad de miembros adscritos al Semillero de Investigación del Grupo Historia, Trabajo, Sociedad y Cultura -Categoría A-Colciencias entre 2006 y 2009. ¿Cómo y por qué se institucionaliza el Semillero de Investigación? y ¿Cuáles son los objetivos académicos del presente proyecto de publicación?; son dos preguntas cuyas respuestas ayudarán a comprender la justificación y relevancia académica de esta compilación. La creación del Semillero de Investigación, dirigido a estudiantes del programa de historia y de otras disciplinas de la Facultad de Ciencias Humanas y Económicas surge a partir del respaldo del cuerpo académico profesoral integrado por los Drs. Susana Ynés González, Yobenj Aucardo Chicangana, Fernando Botero, Juan Guillermo Gómez y Renzo Ramírez Bacca, el 02 de octubre de 2006. Se trata de un proyecto piloto, cuyo propósito es motivar la formación disciplinar de jóvenes historiadores y su aproximación a la investigación; en cuya fase inicial participaron cuarenta estudiantes del nivel del pregrado. El diseño de una programación académica mínima fue nuestro primer objetivo. Socializar experiencias investigativas y asesorar nacientes proyectos de trabajo de grado, constituyen las principales acciones de este frente de trabajo. Hasta el momento han participado dieciocho profesores-investigadores en la socialización de experiencias prácticas y metodológicas. Algunos de nuestra Facultad, otros visitantes internacionales, y otros investigadores en formación del posgrado en historia.

The Literature of Spanish America: 1930-1967 Angel Flores, 1967

Spanish 4, Galleria de arte y Vida, Student Edition McGraw Hill, 1996-01-29 Galería de arte y vida expands your advanced students' knowledge of the Spanish language with a perfect blend of literature, structure, and conversation. Students travel the Spanish-speaking world to read selections from classic and contemporary Hispanic literature, to view masterpieces of painting and sculpture, and to meet the many changing faces that make up Hispanic culture. Galería de arte y vida is composed of twelve cuadros or units. Each cuadro is structured around a universal theme such as El arte, La fantasía, El humorismo, El indio... For example, in La mujer, students reflect on the influence of women in today's society. Each cuadro includes four major sections: Para preparar la escena provides background material to introduce the unit theme. Para presentar la lectura focuses on the literary content and authors and directs the students' approach to the selection by means of pre-reading activities. Para entablar conversación contains questions that promote conversation and relate personal experience to the readings and cuadro theme. Selección contains a rich variety of authors and literary genres, including short stories, plays, songs, excerpts from novels, plays, and poetry. Para continuar conversando improves students' communicative skills by generating discussion topics related to the central themes of the readings.
