French Short Stories: Post-Apocalyptic Survival Nicky Huys,2024-02-08 French Short Stories: Post-apocalyptic Survival presents a gripping collection of tales set in a world ravaged by cataclysmic events. From the ruins of civilization emerge stories of resilience, hope, and the human spirit's unyielding resolve in the face of adversity. Written by acclaimed French authors, these short stories offer a unique blend of literary prowess and speculative fiction, exploring the depths of human experience in a world on the brink of extinction. Through evocative prose and unforgettable characters, this collection delves into the complexities of survival, sacrifice, and the enduring power of human connection amidst the ruins of a post-apocalyptic landscape.

Bespoke ELA Meredith Dobbs,2025-07-29 An inspiring and exciting new collection of ideas to help secondary ELA teachers and other educators connect with contemporary students Includes digital access to 50 ready-to-use downloadable resources In *Bespoke ELA*, veteran teacher and founder of *Bespoke ELA* and *TeachWriting.org*, Meredith Dobbs, delivers a comprehensive guide introducing new, innovative, and unconventional ideas and lesson plans that can hold the attention of modern students. Visual Approaches to Instructional Design, Development, and Deployment Hai-Jew, Shalin,2020-07-03

Educational practices have seen a wide array of technological advancements in recent years. As learning methods making the transition to online and virtual settings, instructors are required to develop teaching plans that conform to the new era of e-learning. Designing, developing, and deploying these new instructional plans remain a challenge for educators due to a lack of research and knowledge in graphic design techniques. *Visual Approaches to Instructional Design, Development, and Deployment* is a collection of innovative research on visual-forward approaches to instructional design and applications of visual planning methods in creating effective learning environments. This book focuses on the advancement of online learning techniques using visual design technologies. While highlighting topics including image curation, visual planning, and textual thinking, this book is ideal for instructional designers, researchers, practitioners, instructors, developers, administrators, graphic artists, academicians, and students seeking current research on advancements in instructional design through the use of visual thinking strategies.
