Clemens Wendtner

Ford Transit Peter Lee, 2015-03-23 A commemorative history of fifty years of the iconic Ford Transit van, from the launch of the first-generation Transit in 1965, right up to the present day. Covering the full range of Transit models and with over three hundred photographs (including previously unpublished pictures from Ford's picture archive), *Ford Transit - Fifty Years* is an ideal resource for anyone with an interest in this world-beating commercial vehicle. Written by acknowledged Ford Transit expert Peter Lee, the book covers the development era - light commercial vehicles in the 1950s, the 'Project Redcap' prototypes and the first Transit. Production and development of all eight generations and variants of Transits are also covered, including custom vans, camper vans, minibuses and special vehicle options. Specification guides, awards, sales figures are all included as well as marketing worldwide. Finally, there are interviews with designers, engineers and Ford employees, along with owners' experiences. The Transit has and continues to receive numerous awards, voted 'International Van of the Year' in 2001 and 2013. With the 2014 launch of the all-new two-tonne Transit and its pioneering technology, this looks to be only the first fifty years of the Ford Transit story.
