Academic and Professional Discourse Genres in Spanish Giovanni Parodi, 2010-05-28 This volume offers a description and a deep examination of discourse genres across four disciplines (Psychology, Social Work, Industrial Chemistry, and Construction Engineering), in academic and professional settings. The study is based on one of the largest available corpus on disciplinary written discourse in Spanish (PUCV-2006 Corpus of Spanish containing almost 60 million words). Twelve chapters range from the theoretical guiding principles of the research in terms of genre conception, the detailed description of each corpus (academic and professional), computational analysis from multi-dimensional perspectives, and the qualitative analysis of two specialized genres (University Textbook and Disciplinary Text) in terms of their rhetorical macro-moves and moves. Theoretically speaking, a multi-dimensional perspective (social, linguistic and cognitive) is emphasized and special attention to the cognitive nature of discourse genres is supported.

Current Trends in the Pragmatics of Spanish Rosina Márquez-Reiter, María Elena Placencia, 2004 Current Trends in the Pragmatics of Spanish provides the reader with a representative spectrum of current research in the most dynamic areas of the pragmatics of Spanish. It brings together a collection of academic essays written by well-established as well as emerging voices in Hispanic pragmatics. The essays include applications of pragmatic concepts to sub-fields of (Spanish) linguistics (i.e., pragmatics and grammar; pragmatics and applied linguistics; pragmatics and cross- and inter-cultural communication), studies of traditional topics in pragmatics (i.e., discourse markers, politeness, metaphor, humour) as well as a proposal to amalgamate the dominant pragmatic approaches, namely socio-pragmatics and cognitive pragmatics, into one comprehensive model. The essays in this collection represent both new theoretical and empirical research and as such they constitute a valuable contribution to the field of pragmatics in general and an essential reference to those researching the pragmatics of Spanish.

The Latina's Guide to Success in the Workplace Rose Castillo Guilbault, Louis E.V. Nevaer, 2012-08-17 This hands-on manual provides Latinas with the tools they need to succeed at work by examining some of the societal and cultural obstacles that hinder their progress. Despite being 20 million strong, Latinas represent America's most undervalued human resource. This career guide is the only one of its kind to focus specifically on empowering the working women of the Latina community to embrace success and build skills for workplace advancement. The Latina's Guide to Success in the Workplace explores the

complexity of the Hispanic/Latino identity and the impact of this culture on professional mobility. The author asserts that there are five obstacles which Latinas confront within their own belief system: the idea that women do not need an education; the assumption that the needs of men come first; a belief that it is sinful to desire money; the opinion that Latinas should not be ambitious; and the mindset that successful women in the United States lose their femininity. Throughout the book, up-to-date research, case studies, and inspirational interviews offer strategies for overcoming the cultural factors that limit Latinas and providing a roadmap for achieving success.

The Ultimate Spanish Phrase Finder Whit Wirsing,2007-03-22 Get instant access to thousands of common Spanish phrases As you know it is next to impossible to deduce the Spanish equivalents of common English phrases such as take a break or have an idea using only a bilingual dictionary. That's where The Ultimate Spanish Phrase Finder comes in. Containing 37,000 common phrases and idiomatic expressions in each language, The Ultimate Spanish Phrase Finder gives you invaluable guidance on phrase construction, along with a range of synonyms to choose from. Examples--including common proverbs and book and movie titles--provide you with vivid illustrations of how specific word combinations are used in everyday contexts in Spain and Latin America.

The Power of Business en Español Jose Cancela, 2007-03-13 In *The Power of Business en Español*, Cancela, one of the most well-respected business experts in the Spanish-speaking world, provides readers with a guide to the exciting—yet often confusing—Spanish-language market. From how to deal with the many Spanish accents and colloquialisms to learning where the Spanish-dominant consumer really lives and spends money, *The Power of Business en Español* is a book that will demystify Spanish-dominant consumers for non-Spanish speakers. Broken down into seven easy chapters that include specific examples of real companies that have been successful (or unsuccessful) in their marketing techniques for this demographic, this handbook gives you the tools to build your business and reach out to this rapidly expanding market. Giving readers simple keys to understanding the people, the culture, and the language that unites this growing segment of the population, *The Power of Business en Español* is a road map for anyone who wants to prepare their business for the language hurdles of the twenty-first century or simply wants to learn more about their new neighbors.
