Lovesick Trisha Wolfe, 2026-07-07 An exploration into the depths of obsession, revenge, and the heart—traversing the darkest regions of the universe and mind, where memory lives beyond death, and love is the most dangerous force of all. “To even comprehend it, you have to abandon the comfort of known physics. You have to reach into the unknown, into the void itself, and hope some semblance of humanity survives.” — Orion Night In astrophysics, anything dark is simply unknown. When you become obsessed with the relentless pursuit of such all-consuming forces, you become something of what you cannot explain. Hidden. Unknown. Warped. The darkness behind stars. Until she entered Stonehurst University, I had no idea how close I was to the edge—always one reckless heartbeat away from stepping off the cliff. To quiet the intrusive chaos in my head, I need the danger, the rush. Now I need her. Nothing has ever felt more dangerous. Especially when my fire sign is keeping her own deadly secrets on this misty, academic harbor. Yet with one forbidden touch, my willpower to fight this force goes up in flames. It’s fucking written in the stars. From the moment Collins Holbrook entered my orbit, there was one thing I understood unequivocally: She was mine. And I won’t let anything—not even the dark tide rising within me—eclipse her light.

**BBC Proms 2023** BBC Proms Publications, 2023-04-19 The BBC Proms is the world's biggest and longest-running classical music festival and one of the jewels in the crown for the BBC. Held every summer at the Royal Albert Hall in London, it is one of the strongest brand names in the music world and attracts a glittering array of artists and orchestras from the UK and around the world. Whether you're a first-time visitor or an experienced Prommer, watching at home or listening on radio or online, the BBC Proms Guide is an excellent companion to the festival, which you can treasure and return to in years to come. Filled with concert listings and articles by leading writers, the BBC Proms Guide offers an insight into the performers and repertoire, as well as thought-provoking opinion pieces about music, musicians and music-making. The contents for 2023 include a specially commissioned short story by Man Booker Prize-nominated author Madeleine Thien; an exploration of the mysterious art of conducting; and an investigation of the connections between music and the human body and spirit - including a 'mental health' Proms playlist. We celebrate the unashamedly Romantic and nostalgically bittersweet music of Sergey Rachmaninov, 150 years after his death; we throw the spotlight on Samuel Coleridge-Taylor and Dora Pejacevic, Croatia's first major woman composer; and we delve into the sonic space dust of experimental legend György

Ligeti, whose music Stanley Kubrick used to other-worldly effect in 2001: A Space Odyssey, The Shining and Eyes Wide Shut. Plus, hear from an array of Proms artists in our series of Spotlight interviews.

Among the Broadway luminaries who contribute are John Lee Beatty, Danny Burstein, Cameron Crowe, Ethan Hawke, Moisés Kaufman, Carole King, Kenny Leon, Santo Loquasto, Kathleen Marshall, Lynn Nottage, David Rabe, Ruben Santiago-Hudson, Wallace Shawn, John Leguizamo, and Robin Wagner. **Theology and the Films of Christopher Nolan** Joel Mayward, 2025-10-30 This work of theological film criticism provides an analysis of filmmaker Christopher Nolan's entire filmography, from *Following* (1998) to *Oppenheimer* (2023). Though his films are noticeably lacking in representations of religion or references to God, Nolan's postsecular cinema is nevertheless worthy of our theological consideration, as it contains valuable theological and philosophical insights. Indeed, this is the central claim of *Theology and the Films of Christopher Nolan*: Christopher Nolan's films can and should be considered works of cinematic philosophical theology—they are doing theology and philosophy through the medium of film as they explore what it means to be human in relation to the transcendent. This book identifies the deep parallels and resonances between Nolan's films and the works of philosopher Paul Ricoeur and theologian St. Augustine. Like Nolan's cinema, *Theology and the Films of Christopher Nolan* is both intellectually stimulating and highly accessible, satisfying the interests of both scholars and popular audiences alike.
