Tantalizing Desires Lori A Heslegrave, 2021-08-10 What excites you? What do you fantasize about when you think no one is watching? What would happen if you gave in to those private urges and let yourself sink into a world of passion and desire? In *Tantalizing Desires*, Lori A. Heslegrave pulls back the curtain on the sensual, the erotic, and the taboo. Heslegrave's stories are about pleasure and the ways it intertwines with risk, growth, love, commitment, and discovery. With her evocative style, Heslegrave transports us to a world of fantasies; she brings us to a swingers' party, a mind-blowing one-night stand, and a host of illicit affairs. She explores the different facets of the erotic, providing a menu of fantasies for readers who are looking to taste the forbidden passions. *Tantalizing Desires* is aptly named, for its characters are hungry, and they are willing to do whatever it takes to quench their most primal needs. Heslegrave dares us to ask ourselves: What if I let myself do this, too?

The Void Series: Books 1-3 Charissa Dufour, 2017-06-09 Cornered Magic Sam, a half-fae Void, is ostracized by her own people, much less the humans who control her home—the Illinois Mystical Reservation. Packed into the Reservation with vampires, werewolves, faes, and mages alike, Sam does her best to travel below the radar, but when her only friend asks for her help she can't say no. Her work to solve a fae's murder brings her to the forefront of vampire politics, and changes her life forever. Misguided Allies Half-fae Sam Gollet is no stranger to solitary confinement—being a half-fae working as a vampire enforcer will do that to you. She is also accustomed to solving the crimes within the supernatural community inside the Illinois Mystical Reservation when the feds refuse to lift a finger. After being released from Solitary, she finds herself quickly embroiled in the mysterious deaths of leading members of the fae community. Despite having been ostracized by the fae community, Sam agrees to solve the murders at the risk of her own safety. As the body count rises, she'll be forced to show her allegiance to the fae and prove that she's not in league with Heywood's vampire gang, all the while trying to rebuild her crumbling friendships, avoid rejection from her family, and dissuade the unwanted attentions of a mage living outside the reservation. It seems like no matter what she does, all they can see is her allegiance to the vampires, leaving her wondering if she is stuck with misguided allies. Balanced Chaos Half-fae Sam never thought she'd live to see the day when she would work with the government running the reservation. But when the National Guard rolls in to stop an underground power

struggle from erupting, she quickly becomes embroiled in a web of secrets and lies. Lieutenant Colonel Gallagher of the National Guard needs a meeting with the elusive fae clan leaders. He has appropriated Sam, with her unique powers, to go between himself and the Clan leaders, even if it costs her her life. Face-to-face with an actual clan leader, Sam is given an ultimatum—save his poisoned wife to get a meeting with the fae leaders. Sam's day just got complicated.

Women and Gift Exchange in Eighteenth-Century Fiction Linda Zionkowski, 2016-05-26 This book analyzes why the most influential novelists of the long eighteenth century centered their narratives on the theory and practice of gift exchange. Throughout this period, fundamental shifts in economic theories regarding the sources of individual and national wealth along with transformations in the practices of personal and institutional charity profoundly altered cultural understandings of the gift's rationale, purpose, and function. Drawing on materials such as sermons, conduct books, works of political philosophy, and tracts on social reform, Zionkowski challenges the idea that capitalist discourse was the dominant influence on the development of prose fiction. Instead, by shifting attention to the gift system as it was imagined and enacted in the formative years of the novel, the volume offers an innovative understanding of how the economy of obligation shaped writers' portrayals of class and gender identity, property, and community. Through theoretically-informed readings of Richardson's *Clarissa* and Sir Charles Grandison, Burney's *Cecilia* and *The Wanderer*, and Austen's *Mansfield Park* and *Emma*, the book foregrounds the issues of donation, reciprocity, indebtedness, and gratitude as it investigates the conflicts between the market and moral economies and analyzes women's position at the center of these conflicts. As this study reveals, the exchanges that eighteenth-century fiction prescribed for women confirm the continuing power and importance of gift transactions in the midst of an increasingly commercial culture. The volume will be essential reading for scholars of the eighteenth-century novel, economic literary criticism, women and gender studies, and book history.
