What's Normal? Neilse Sadler,2013-02-23 This is a true story of my own life experience which will include sequel editions. When I was just a young child aged 7 I said to myself and to God that one day I would like to tell the world about how my life has been guided and led and what my purpose in life is. Surely we all have a divine purpose? Now that I am 50years old year 2013 I have experienced the ups and downs the abuse and struggle of courts and divorce and separation and anxiety that stress can do and I've struggled to write from my heart to allow people to see that life is about balance and choice and the consequences are ours to rectify. There is no need for blame but a great need to develop a good attitude and overcome whatever life throws at us. This story is to help both men and woman to change in old habit patterns that cause harm in relationships to learn how to recognize those effects and detach from them and make life worthwhile and how with the right kind of guidance and choices. No-one can change the past but we do have the ability to change the future.

Faster Than Normal Peter Shankman,2017-10-03 A refreshingly practical and honest guide that rewrites the script on ADHD Peter Shankman is a busy guy -- a media entrepreneur who runs several businesses, gives keynote speeches around the world, hosts a popular podcast, runs marathons and Iron Mans, is a licensed skydiver, dabbles in angel investing, and is loving father to his young daughter. Simply put, he always seems to have more than 24 hours in a day. How does he do it? Peter attributes his unusually high energy level and extreme productivity to his ADHD. In *Faster Than Normal*, Shankman shares his hard-won insights and daily hacks for making ADHD a secret weapon for living a full and deeply satisfying life. Both inspiring and practical, the book presents life rules, best practices, and simple but powerful ways to: Harness your creative energy to generate and execute your ideas Direct your hyperfocus to get things done Identify your pitfalls--and avoid them Streamline your daily routine to eliminate distractions Use apps and other tech innovations to free up your time and

energy Filled with ingenious hacks and supportive self-care advice, this is the positive, practical book the ADHD community has long needed - and is also an invaluable handbook for anyone who's sick of feeling overwhelmed and wants to drive their faster-than-normal brain at maximum speed...without crashing.

The Normal Farmer - Completed krushandkill,2020-01-21 *editing the chapters again. It will take a while to finish because this story is big* A normal person is suddenly summoned to another World. Upon arrival, a group of Mages, Guards and a spoiled Prince wait him. His status are pitiful and made him weaker than the average Farmer. In the second attempt, they summon a dog, a K9 German Sheppard Police Officer. Oddly, with low status as well. After escaping the cave to where they were summoned, starts their new life in a strange, medieval, and magical World. ... Upon joining the Adventurer's Guild in the Loriath Kingdom and during a cup of tea with the Guild Master after having finished a bottle of wine before, he faced a angry Guild Master that didn't like to hear his criticism about the way the Adventurer's lived: - "You are too bold for a mere Farmer, aren't you?" He took another sip of the tea and answered: - "I was going to remain like that, but after today, I changed my mind. I will be the strongest Adventurer that this World has ever seen. ... This story is a continuation of The 1.000 years Great Sage, but can be read as a separate story. ...
