

Lex De Imperio Vespasiani

Joseph Louis Elzéar ORTOLAN

Lex de Imperio Vespasiani... a Thesis... University of Chicago... by Fred B. R. Hellems,... Fred B. R. Hellems, 1902

Lex de Imperio Vespasiani Fred Burton Ranney Hellems, 1902

Lex de Imperio Vespasiani; a Consideration of Some of the Constitutional Aspects of the Principate at Rome Fred Burton Ranney Hellems, 2012-08 Unlike some other reproductions of classic texts (1) We have not used OCR (Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

Lex De Imperio Vespasiani Fred Burton Ranney Hellems, 2018-01-02 Excerpt from Lex De Imperio Vespasiani: A Consideration of Some of the Constitutional Aspects of the Principate at Rome I. [it is hereby enacted] that it shall be lawful for [imperator Caesar Vespasian Augustus] to and to conclude treaties with whomsoever he shall wish, as it was lawful for the deified Augustus, for Tiberius Julius Caesar Augustus and for Tiberius Claudius Caesar Augustus Germanicus; II. And that it shall be lawful for him to convoke the senate, to propose a matter for discussion, to transmit to it a question submitted to him and to procure a decree of the senate by the proposal of a bill and a division of the house; III. And that, when a meeting of the senate shall be held in accordance with his pleasure or authority, by his order or injunction, or in his presence, all proceedings at such a meeting shall be accounted valid and observance shall be due them, just as if the meeting of the senate had been announced and held in accordance with ordinary procedure; IV. And that, whatsoever candidates for office, power, authority, or charge of any matter he shall have recommended to the Roman senate and people, and to whomsoever he shall have given or promised his support, account shall be taken extraordinarily of them at any comitia whatsoever; V. And that it shall be lawful for him to advance and pro mote the boundaries of the pomerium whenever he shall think it advantageous for the state, as it was lawful for Tiberius Claudius Caesar Augustus Germanicus. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases,

an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Lex de Imperio Vespasiani Fred Burton Ranney Hellems,2016-05-24 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Emperor of Law Kaius Tuori, 2016-11-17 In the days of the Roman Empire, the emperor was considered not only the ruler of the state, but also its supreme legal authority, fulfilling the multiple roles of supreme court, legislator, and administrator. *The Emperor of Law* explores how the emperor came to assume the mantle of a judge, beginning with Augustus, the first emperor, and spanning the years leading up to Caracalla and the Severan dynasty. While earlier studies have attempted to explain this change either through legislation or behaviour, this volume undertakes a novel analysis of the gradual expansion and elaboration of the emperor's adjudication and jurisdiction: by analysing the process through historical narratives, it argues that the emergence of imperial adjudication was a discourse that involved not only the emperors, but also petitioners who sought their rulings, lawyers who aided them, the senatorial elite, and the Roman historians and commentators who described it. Stories of emperors settling lawsuits and demonstrating their power through law, including those depicting 'mad' emperors engaging in violent repressions, played an important part in creating a shared conviction that the emperor was indeed the supreme judge alongside the empirical shift in the legal and political dynamic. Imperial adjudication reflected equally the growth of imperial power during the Principate and the centrality of the emperor in public life, and constitutional legitimation was thus created through the examples of previous actions - examples that historical authors did much to shape. Aimed at readers of classics, Roman law, and ancient history, *The Emperor of Law* offers a fundamental reinterpretation of the much debated problem of the advent of imperial supremacy in law that illuminates the importance of narrative studies to the field of legal history.

A Companion to the Flavian Age of Imperial Rome Andrew Zissos, 2016-03-07 *A Companion to the Flavian Age of Imperial Rome* provides a systematic and comprehensive examination of the political, economic, social, and cultural nuances of the Flavian Age (69-96 CE). Includes contributions from over two dozen Classical Studies scholars organized into six thematic sections Illustrates how economic, social, and cultural forces interacted to create a variety of social worlds within a composite Roman empire Concludes with a series of appendices that provide detailed chronological and demographic information and an extensive glossary of terms Examines the Flavian Age more broadly and inclusively than ever before incorporating coverage of often neglected groups, such as women and non-Romans within the Empire

The Epigraphical Evidence for the Reigns of Vespasian and Titus Homer Curtis Newton, 1901

El poder del príncipe en Roma Xesús Pérez López, 2006

Popular Sovereignty in Early Modern Constitutional Thought Daniel Lee, 2016 Popular sovereignty - the doctrine that the public powers of state originate in a concessive grant of power from 'the people' - is perhaps the cardinal doctrine of modern constitutional theory, placing full constitutional authority in the people at large, rather than in the hands of judges, kings, or a political elite. Although its classic formulation is to be found in the major theoretical treatments of the modern state, such as in the treatises of Hobbes, Locke, and Rousseau, this book explores the intellectual origins of this doctrine and investigates its chief source in late medieval and early modern thought. Long regarded the principal source for modern legal reasoning, Roman law had a profound impact on the major architects of popular sovereignty such as Francois Hotman, Jean Bodin, and Hugo Grotius. Adopting the juridical language of obligations, property, and personality as well as the model of the Roman constitution, these jurists crafted a uniform theory that located the right of sovereignty in the people at large as the legal owners of state authority. In recovering the origins of popular sovereignty, the book demonstrates the importance of the Roman law as a chief source of modern constitutional thought.

Emperors and Ancestors Olivier Hekster, 2015 Ancestry played a continuous role in the construction and portrayal of Roman emperorship in the first three centuries AD. *Emperors and Ancestors* is the first systematic analysis of the different ways in which imperial lineage was represented in the various 'media' through which images of emperors could be transmitted. Looking beyond individual rulers, Hekster evaluates evidence over an extended period of time and differentiates between various types of sources, such as inscriptions, sculpture, architecture, literary text, and particularly central coinage, which forms the most convenient source material for a modern reconstruction of Roman representations over a prolonged period of time. The volume explores how the different media in use sent out different messages. The importance of local notions and traditions in the choice of local representations of imperial ancestry are emphasized, revealing that there was no monopoly on image-forming by the Roman centre and far less interaction between central and local imagery than is commonly held. Imperial ancestry is defined through various parallel developments at Rome and in the provinces. Some messages resonated outside the centre but only when they were made explicit and fitted local practice and the discourse of the medium. The construction of imperial ancestry was constrained by the local expectations of how a ruler should present himself, and standardization over time of the images and languages that could be employed in the 'media' at imperial disposal. Roman emperorship is therefore shown to be a constant process of construction within genres of communication, representation, and public symbolism.

The History of Roman Law, from the Text of Ortolan's "Histoire de la Législation Romaine Et Généralisation Du Droit" (edition of 1870). Translated ... and Supplemented by a Chronometrical Chart of Roman History by I. T. Prichard and D. Nasmith Joseph Louis Elzéar ORTOLAN, 1871
