Handbag etiquette: "I can't live without it!" Irena Reininger-Hortz, 2018-04-08 Handbags! Not only a popular fashion accessory for the ladies, handbags can be found in all shapes and sizes in every home. A big daytime bag, a carryall for shopping, a petite clutch for parties. Handbags are a science in their own right and one of the most popular shopping accessories you'll find – especially for women! But what's all the fuss about? Why do so many women live in their handbags, carting their entire lives around with them? The bag gets heavier, the burden greater – yet every single item in that bag is an absolute necessity. But why?! Why are we so obsessed? A life in a bag! If you take a peep inside a handbag, you'll find everything you need to get you through the day. Classic items such as tissues, a smartphone, a pen and lip balm, for starters. Most women also have a collection of lipsticks, wet wipes, notebooks and a thousand odds and ends lurking in the depths of their bags. And what else? We asked women in Germany – see for yourself! And what about men? The days when handbags were for women only are history! Men also have their favourite bags or rucksacks to cart their personal belongings around. Read and laugh at the clichés of handbag owners. What type are you? Find out!

Androgynous Objects Maureen A. MacKenzie, 2019-01-25 Androgynous Objects explores the way meaning is encoded in material culture by focusing on the androgynous symbolism of the looped string bag, or bilum, of the Telefong people of Central New Guinea. The web of meanings 'woven' into the bag is shown to extend beyond women's lives and bodies. It is open to manipulation and reformation in a variety of contexts and is used by both Telefong women and men to explore, and so explain the complexities and ambiguities inherent in their social life.
