Italian Women Writers, 1800-2000 Patrizia Sambuco,2014-11-12 Italian Women Writers, 1800-2000: Boundaries, Borders, and Transgression investigates narrative, autobiography, and poetry by Italian women writers from the nineteenth century to today, focusing on topics of spatial and cultural boundaries, border identities, and expressions of excluded identities. This book discusses works by known and less-known writers as well as by some new writers: Sibilla Aleramo, La Marchesa Colombi, Giuliana Morandini, Elsa Morante, Neera, Matilde Serao, Ribka Sibhatu, Patrizia Valduga, Annie Vivanti, Laila Waida, among others; writers who in their works have manifested transgression to confinement and entrapment, either social, cultural, or professional; or who have given significance to national and transnational borders, or have employed particular narrative strategies to give voice to what often exceeds expression. Through its contributions, the volume demonstrates how Italian women writers have negotiated material as well as social and cultural boundaries, and how their literary imagination has created dimensions of boundary-crossing.

Il volume offre alcuni contributi di argomento letterario pubblicati su “Nuova Secondaria” tra il 2007 e il 2017: Dante, Ariosto, Shakespeare, Leopardi, Manzoni sono solo alcuni dei grandi classici al centro degli studi e dei percorsi didattici qui riproposti. In un percorso che dalle origini della storia della letteratura italiana giunge al Novecento si evidenziano molteplici aspetti di celebri opere che costellano il panorama letterario italiano ed europeo.

*Greek Tragedy in 20th-Century Italian Literature* Caterina Paoli, 2024-06-13 Focusing on the works of Camillo Sbarbaro and Giovanna Bemporad, this book offers the first in-depth analysis of poetic translations of Greek tragedy in 20th-century Italian poetry. The close examination of the linguistic and ideological diversity embedded in these authors' works shows how narratives of Greek tragedy shaped their poetic universe, and how their work influenced the Greek paradigm in return. The reader is presented with a textual analysis of Sbarbaro's and Bemporad's translations, as well as a discussion of larger cultural patterns. This volume provides a fresh perspective on the pedagogical commitment of the Italian poets and their roles as translators of classical studies. The web of relationships and historical context in which these authors are placed provide an understanding of their importance for a wider discourse on translation in Italy and Europe in the 1940s. Caterina Paoli's original analysis of Sbarbaro's and Bemporad's poetic translations and her emphasis on their relevance for translation studies, women's writing and classical reception, fills a significant gap in current scholarship on the translation of ancient literature in the Italian poetic community.
