**The Biblical Truth about America's Death Penalty** Dale S. Recinella, 2015-12-01 While secular support for capital punishment in America seems to be waning, religious conservatives, particularly in the Bible belt, remain staunch advocates of the death penalty, citing biblical law and practice to defend government-sanctioned killing. Dale S. Recinella compares biblical teaching about the death penalty, including such passages as eye for eye, tooth for tooth, life for life, with the nation's current system of capital punishment, and offers persuasive arguments for a faith-based moratorium on -- and eventual abolition of -- executions. Framing his careful and incisive analysis as a legal brief to those who believe the Bible mandates the ultimate punishment, the author addresses two critical areas of inquiry: what do the scriptures tell us about

who is deserving of death and who has the authority to kill, and what do they tell us about the required standards for execution and the plight of victims' families. Recinella's examination of the Hebrew Torah, or Christian Pentateuch, and the Talmud reveals that the biblical death penalty was not a simple system of swift retribution, but a complex and practical set of laws that guided capital courts established under the Sanhedrin. His scrutiny of these texts, the Christian doctrine of atonement, and Romans 13 in the Pauline Epistles, draws parallels between the traditional biblical arguments used in favor of capital punishment and those used as the basis for pro-slavery positions in the nineteenth century. Demonstrating that both approaches are unsubstantiated in biblical terms, Recinella debunks the accepted religious reasoning for support of the death penalty and shows instead that the Bible's strict conditions for sanctioning execution are at odds with the arbitrary ways in which capital punishment is administered in the United States. He provides convincing evidence that a sentence of death in today's criminal justice system in fact fails to meet both the Bible's exacting procedural requirements and its strict limitations on judicial authority. By providing actual scriptural language and foundation to counter the position that biblical truth justifies a pro-death penalty stance, this thoughtful, solidly researched, and well-reasoned work will give pause to religious fundamentalists and challenge them to rethink their strongly held views on capital punishment.

Against the Death Penalty Gardner C. Hanks, 1997 Drawing on Old and New Testament resources as well as secular arguments, Gardner C. Hanks shows that the death penalty harms rather than helps any quest for a just, humane society. He demonstrates through research data that the death penalty is an ineffective crime-fighting tool.

*After Abolition of the Death Penalty* C. H. S. Jayewardene, 1989 Although capital punishment was not abolished until 1978, no one had been executed in Canada since 1962, a period of 25 years. This book describes the ongoing debate on the death penalty during that period, examining the arguments used for retention and abolition, the role that public attitudes played in the debate, the social utility of the death penalty (whether it actually deters would-be murderers), the effect that abolition has had on the operation of the criminal justice system, and the added problems created by life-sentenced prisoners in the prison system.

*Last Words and the Death Penalty* Scott Vollum, 2008 Vollum analyzes the content of the last statements of the condemned and statements made by co-victims; he seek to give voice to these two different groups. Vollum finds that the most dominant themes among the condemned center around transformation, redemption, and positive messages of

connection to others. The most dominant themes of co-victims are more conflicting with a mix of frustration with the death penalty process, relief that it is over, and the desire for justice or revenge. Through their own words, we learn that the death penalty is neither a soothing salve for the pain and suffering of co-victims nor simply an extraction of evil and irredeemable criminals.

*Capital Punishment* Raphael Goldman,2002 This book covers capital punishment in the United States, an issue that has been increasingly in the news since the late 1980s, when anti-crime and anti-drug legislation saw a flurry of activity. States such as Texas and Arizona have created an international outcry over their executions. Recent widespread media coverage of the reassessment of the fairness of the death penalty has continued to flourish both within and outside the United States borders.

**Called to Forgive** Anthony B. Thompson,Denise George,2019-06-04 While the murder of his wife devastated Anthony Thompson, he and three other relatives of victims chose to privately and publicly forgive the shooter. Years later, the church

and community still struggle to understand the family members' deliberate choice to forgive the racist murderer. But as Charlestonians have witnessed these incredible acts of forgiveness, something significant has happened to the community--black and white leaders and residents have united, coming together peaceably and even showing acts of selfless love. This book is the account of Anthony's wife's murder, the grief he experienced, and how and why he made the radical choice to forgive the killer. But beyond that, Anthony goes on to teach what forgiveness can and should look like in each of our lives--both personally, in our communities, and even in our nation. After much pain, reflection, and study, Thompson shares how true biblical love and mercy differ from the way these ideas are reflected in our culture. Be inspired by this remarkable story and discover how the difficult decision to forgive can become the key to radical change.
