The Cold Fix Sara Barnes,2022-11-01 'The cold water has given me the key to unlock myself within a place I didn't know existed: the community of cold water swimmers right around the world. What binds us all together is the cold and how it makes us feel: brave enough to tackle even the toughest of life's issues.' Having been a keen runner and cyclist all her life, in 2017 Sara Barnes was diagnosed with severe osteoarthritis and found herself facing major surgery and a future of limited mobility. Rather than obsessing about what she could no longer do, she decided to focus on what she could do and took to the water of the tarns, river pools and lakes in her home county of Cumbria. A new appreciation of being in nature and love of cold water swimming and immersion was born. In *The Cold Fix*, Sara takes the reader on an enthralling journey, from her first tentative steps into the water, to meeting other swimmers from around the world who share her passion and who can help her answer the question: what is it about cold water that proves irresistible to an increasing number of people?

*Holistic Bodybuilding* Dr. Ken Davis,2024-03-23 Dr. Ken Davis is the current IFBB over-70-years-of-age world champion professional bodybuilder. Ken, a health and wellness professional for 45-years, came to bodybuilding late in life, at age 65. How Dr. Davis went from a normal man with a ‘dad bod’ to winning the IFBB world championship in less than six years is both a fascinating tale and an anti-aging strategy. How he did it will be of profound interest to every over-60 man and woman wanting to find a battle-tested way in which to hold back the hands of time. Dr. Ken combines science and medicine with hardcore bodybuilding tactics, devoid of the radical extremes, all made doable by regular folks. The skillful combining of resistance training, cardiovascular training, nutrition, and supplementation, powered by Dr. Ken's unique mental approach, creates Holistic bodybuilding, the most efficient and effective way in which those on the wrong side of 60 can improve functionality, strength, endurance, leanness, and wellness. His comprehensive approach creates “holistic synergy.”
