Shadow Moon Chris Claremont, George Lucas, 2018-04-17 From two of the greatest imaginations of our time comes a magnificent novel of adventure and magic...SHADOW MOON: First in the Chronicles of the Shadow War. The genius of Star Wars(r) creator George Lucas and the vision of Chris Claremont, the author of the phenomenally bestselling The Uncanny X-Men adventures, merge in what must be the fantasy event of the year. In Shadow Moon, war and chaos have gripped the land of Tir Asleen. An ancient prophecy reveals one hope: a savior princess who will ascend to the throne when the time is right. But first, a Nelwyn wanderer must face forces of unimaginable malevolence and dangerous, forbidden rites of necromancy that could bring back a powerful warrior from soulless sleep. George Lucas reshaped filmmaking in the '70s and '80s with his Star Wars and Indiana Jones films. When Bantam Books asked Lucas if he had any stories he would like to develop as novels rather than as films, Lucas turned to his 1988 fantasy film, Willow. When I wrote the story for Willow, I began with the pre-story, Lucas said, but the full story was yet to be told. Now, Lucas's vision is being fulfilled with the talented help of Chris Claremont. Having previously taken the reins of what was for a decade the bestselling comic in the western hemisphere (The Uncanny X-Men) Claremont assumes the responsibility of foster parent to Lucas's creation. On sale in hardcover now, and available on BDD Audio Cassette as well, SHADOW MOON is a momentous new adventure for readers looking to spend part of this summer in a fantastic world. SHADOW MOON is one of Bantam Spectra's most exciting publishing events in 1995, the

year we celebrate our 10th Anniversary as the premiere publishing imprint of books of speculative fiction.

In the Shadow of the Moon Anthony Aveni, 2017-04-25 From an award-winning author, astronomer, and anthropologist, an exploration of the scientific and cultural significance of the mesmerizing cosmic display. Since the first humans looked up and saw the sun swallowed by darkness, our species has been captivated by solar eclipses. Astronomer and anthropologist Anthony Aveni explains the history and culture surrounding solar eclipses, from prehistoric Stonehenge to Babylonian creation myths, to a confirmation of Einstein's theory of general relativity, to a spectacle that left New York City in the moon's shadow, to future eclipses that will capture human imaginations. In one accessible and engaging read, Aveni explains the science behind the phenomenon, tracks eclipses across the ancient world, and examines the roles of solar eclipses in modern times to reveal the profound effects these cosmic events have had on human history. Colored by his own experiences—Aveni has witnessed eight total solar eclipses in his lifetime—his account of astronomy's most storied phenomenon will enthrall anyone who has looked up at the sky with wonder. "Aveni's authoritative but accessible text is the clearest statement of the way our perception of eclipses has changed over the centuries." —Stuart Clark, *New Scientist* "Authoritative and engaging." —Marcelo Gleiser, NPR's 13.7 "A recommended way to share the spirit of the occasion." —Laurence A. Marschall, *Natural History* magazine "Everything you need to enjoy a solar eclipse—and even predict one, just like the Babylonians did! Aveni's entertaining explorations show the very different impacts eclipses have had on past and present cultures." —David DeVorkin, National Air and Space Museum, Smithsonian Institution

The Shadow and Moon Kenzie Crowe, 2021-08-30 There's something eerie about the forest late at night, when the moon is your only source of light. Sounds feel intensified—every critter scurrying in the brush makes your heart lurch. I used to think that this would feel freeing, like being in the trees alone would feel as if I were the only person in the world. How naive of me. The forest has eyes lurking in the shadows that only the moon can see. Witches, Shadow Walkers, werewolves, and vampires roam the lands, but Dani's blood holds the cure to a deadly curse that could end a war... Or start a new one. Kol is the land's most dangerous Shadow Walker, but his decisions land him in trouble, and he must find Dani in exchange for his freedom. But when sworn enemies spark romance and the shadows emerge, both Dani and Kol are thrown into lives and worlds they could have never dreamed of.
