Ghosts: A Graphic Novel Raina Telgemeier, 2016-09-13 From Raina Telgemeier, the #1 New York Times bestselling, multiple Eisner Award-winning author of *Smile*, *Drama*, and *Sisters!* Catrina and her family are moving to the coast of Northern California because her little sister, Maya, is sick. Cat isn't happy about leaving her friends for Bahia de la Luna, but Maya has cystic fibrosis and will benefit from the cool, salty air that blows in from the sea. As the girls explore their new home, a neighbor lets them in on a secret: There are ghosts in Bahia de la Luna. Maya is determined to meet one, but Cat wants nothing to do with them. As the time of year when ghosts reunite with their loved ones approaches, Cat must figure out how to put aside her fears for her sister's sake - and her own. Raina Telgemeier has masterfully created a moving and insightful story about the power of family and friendship, and how it gives us the courage to do what we never thought possible.

Sisters (Free Preview Edition) Raina Telgemeier, 2014-07-24 The companion to Raina Telgemeier's #1 NEW YORK TIMES bestselling and Eisner Award-winning graphic memoir, *SMILE*. Raina can't wait to be a big sister. But once Amara is born, things aren't quite how she expected them to be. Amara is cute, but she's also a cranky, grouchy baby, and mostly prefers to play by herself. Their relationship doesn't improve much over the years, but when a baby brother enters the picture and later, something doesn't seem right between their parents, they realize they must figure out how to get along. They are sisters, after all. Raina uses her signature humor and charm in both present-day narrative and perfectly placed flashbacks to tell the story of her relationship with her sister, which unfolds during the course of a road trip from their home in San Francisco to a family reunion in Colorado.

Sisters Raina Telgemeier, 2014-08-26 In a semi-autobiographical graphic novel, Raina's disappointing bond with a cranky,

independent younger sister is further challenged by the arrival of a baby brother and an estrangement in their parents' marriage.

Where the Crawdads Sing Instant, Summary, 2019-03-09 Where the Crawdads Sing: Delia Owens | A Comprehensive Summary The novel's main narrative opens in the marshland near the fictional town of Barkley Cove, North Carolina. Seven-year-old Catherine "Kya" Clark lives in a shack in the swamp with her mother, father, and siblings. However, one day, Kya's mother leaves the shack forever in order to escape the physical abuse inflicted by Kya's father. Kya's siblings soon leave on

their own as well, leaving only Kya and Pa. Pa spends increasingly more time away from the shack over the years, and when Kya is about ten years old, Pa leaves forever. Kya has become thoroughly self-sufficient by this time, living off of the land and occasionally trading in town for necessary supplies. When Kya is 14 years old, a kind local boy named Tate Walker begins to visit Kya, and he teaches her how to read. He is about four years older than Kya. He also gives Kya his old textbooks from school. When Kya is 15 years old, she and Tate fall in love, but Tate insists that they do not have sex until Kya is older. Tate soon leaves for college, and although he promises to love and remember Kya, Kya feels abandoned. When Kya is 19 years old, she suddenly becomes attracted to a young local man named Chase Andrews. Chase begins visiting her often. Chase says that he loves her and is eager to have sex with her. Kya refuses at first, but after about a year, she consents to sex. Tate eventually returns to Barkley Cove in order to perform scientific research on the marshland. He visits Kya and asks for forgiveness, but she refuses to take him back. Tate sees that Kya has performed much of her own research on the marshland, and he urges Kya to submit it to publishers. Tate also warns Kya that Chase is a dishonest womanizer. One day, Kya sees in the newspaper that Chase has become engaged to someone else. She is heartbroken. Later, she submits her research to publishers, and when she is 22 years old, a book of her research is published under her name. Kya's brother Jodie sees the book in a store and returns to the swamp to reconnect with Kya. Jodie encourages Kya to give Tate another chance. Chase eventually visits Kya and says that he wants to continue his relationship with her, despite the fact that he is married to someone else. When Kya refuses him, Chase tries to rape her. She hits him and escapes. Kya realizes that because Chase is such a popular member of the town, and because she is an outcast for living in the swamp, she has no recourse. One day, in October of 1969, Chase's body is found near the swamp. He appears to have fallen—or possibly have been pushed—out of a fire watchtower. The sheriff investigates and arrests Kya. However, the evidence is inconclusive and circumstantial, and Kya is acquitted. She and Tate declare their love for each other, and they live together in the swamp. Kya continues her career as a naturalist, and Tate continues his career as a researcher. Kya dies at age 64, after which Tate finds evidence that seems to prove that Kya killed Chase. He disposes of the evidence so that no one will ever find it.
