

Sphinx Who Built It

Allan Bedford

Awakening the Pharaoh Andrew Wojcikiewicz, 2009-11 AWAKENING THE PHARAOH How to Avoid World Cataclysm in 2012 * The story described in this book refers to real and authentic events and people. * Since May 2001 we have obtained information on the location of the tomb of Pharaoh who built the Great Pyramid in Egypt. This information was obtained from a Polish woman, Lucyna Lobos, through sessions of hypnotic age regression. * The excavation of the Pharaoh's tomb and placing the mummy in the sarcophagus of the Great Pyramid is suppose to open the Pyramid and create a protection from catastrophic changes such as global warming and natural disasters, especially from the danger of year 2012, i.e. changing of the Earth polarity. * According to obtained information, the Great Pyramid was constructed about 6,500 years ago by the Pharaoh whose name was THE ONE WHO CAME FROM HEAVEN. * The main builders of the Pyramid originated from a distant civilization in the Orion Constellation and were from a planet called Ashun. During the Pyramid's construction the people of the earth only performed basic lighter tasks. * In order to empirically validate this information from the age regression sessions with Lucyna Lobos, the University of Wroclaw (Poland) has initiated archeological excavations in the southern mountain in Poland called Sleza in August 2004. These excavations are still proceeding today. * To further validate this information, the University of Cairo performed radar ground penetrating research (GPR) in the area of the Great Pyramid to the depth of over 60 meters in February 2006. This was achieved with the permission of the Supreme Council of Antiquities in Egypt.

The Sphinx Pete DiPrimio, 2011-08 When people think of the Sphinx, the riddle of the Sphinx of Thebes might pop to mind, or maybe the colossal Great Sphinx of Egypt. Were they the same monster in two different mythologies? Or were they completely different? The Sphinx legend began in Egypt over 4,500 years ago when ancient Egyptians were giving their gods animal forms. Built to guard the royal tombs of the Pyramids of Giza, the Great Sphinx had the body of a lion and the head of a pharaoh. It drew tourists from around the Mediterranean, and soon the mythology of the Greek Sphinx evolved. The Greek Sphinx had the body of a lion and the head of a woman. She terrorized the people of Thebes until a stranger, Oedipus, solved her riddle. Read the myths from these two cultures, and find out how sphinxes have been immortalized in statues and artwork throughout history.

The Unofficial LEGO Builder's Guide Allan Bedford, 2005 Presents a guide to constructing toys, miniature buildings, and

art projects with LEGOs, covering topics such as scale, bonding patterns, model designs, grids, mosaics, games, tools, and techniques.

Ultimate Secrets Revealed Stephanie Warren Drimmer, 2018 This book takes readers behind the scenes of the world of the truly bizarre, to reveal the truth behind our planet's wildest and wackiest.--Provided by publisher.

The Signs and Symbols of Primordial Man Albert Churchward, 1913 Albert Churchward's famous study of Ancient Egyptian myths and symbology reveals how their mythological culture evolved over thousands of years, influencing other civilizations. The author was among the first Western scholars to investigate the connection between the religious symbols, deities and traditions of Egypt, and those which emerged in later societies. By studying the hieroglyphic texts preserved in the monuments and papyrus of the Egyptian society, Churchward uncovered the origins of legendary stories, the roles of Gods like Horus and Ptah, and the emergence of important symbols such as the triangle, cross and swastika. The religious and cultural influence of this ancient society, whose dynasties stretched across millennia, is revealed to be of staggering magnitude. This book pieces together the connections between Egyptian lore and that of the Hebrews, the Freemasons, the Mayans and various tribal societies. The depth of Churchward's enquiry is enormous; hundreds of drawings, symbols, and photographs accompany the narrative, that the reader may discover the myriad connections and wide-ranging influence of the Egyptians from antiquity onward. Frequent quotations and cites of accomplished workers in the field of Egyptology, such as Dr. Wallis Budge and Gerald Massey, further support the points established.

They Would Be Gods Anthony K. Forwood, 2011

Journey to a Waterfall A Biologist in Africa Robert Cowie, 2014-02-05 From the age of ten, the author was determined to be involved with African wildlife. This memoir recounts how he was able to fulfil this dream, travelling through Kenya, Tanzania, Ethiopia, Sudan, Zimbabwe, Malawi and Egypt, as well as the Yemen, which biologically is almost Africa. He tells of being captured by Eritrean guerillas, seeing Gelada baboons in the Ethiopian highlands and the huge migrations of zebra and wildebeest in the Serengeti, doing research on termites in Darfur as well as assessing agricultural problems in the highest fastnesses of the Yemeni mountains, gazing in awe at the Pyramids of Giza and marvelling at the Victoria Falls in full flood.

Demonology and Devil-lore Moncure Daniel Conway, 1881

Historical Deception Moustafa Gadalla, 1999 This book reveals the ingrained prejudices against ancient Egypt, from both the religious groups, who deny that Egypt is the source of their creed, and western rationalists, who deny the existence of science and philosophy prior to the Greeks. The book contains 47 chapters, with many interesting topics, such as the Egyptian medical knowledge about determining the sex of the unborn, and much, much more.

The California Architect and Building News , 1890

Patient 13 Ed Sutter,2010-12-01 When an experimental serum is given to an elderly alcoholic dubbed Patient 13, the old man begins to become physically younger. Before comprehensive testing can be done, however, the old man escapes the lab facility and disappears. Lucky O'Donnel finds Thirteen wandering in a local park and takes him in. Hypnotic regression reveals that Thirteen has a whole array of memories, some of them of ancient civilizations in Egypt, South America, and Europe. Meanwhile, a ruthless international corporation, the parent of the local inventors of the serum, sends agents to retrieve the errant Patient Thirteen with the potential prize of a formula that could induce physical youth in its users. The Memphis Corporation isn't too concerned if Thirteen is returned to them alive or dead.

The American Review of Reviews Albert Shaw,1926

Origins of the Sphinx Robert M. Schoch,Robert Bauval,2017-03-16 New research and evidence that the Sphinx is thousands of years older than previously thought • Contrasts what Egyptologists claim about the Sphinx with historical accounts and new research including reanalysis of seismic studies and updates to Schoch's water weathering research and Bauval's Orion Correlation Theory • Examines how the Sphinx is contemporaneous with Göbekli Tepe, aligned with the constellation Leo, and was recarved during the Old Kingdom era of Egypt • Reveals that the Sphinx was built during the actual historical Golden Age of ancient Egypt, the period known in legend as Zep Tepi No other monument in the world evokes mystery like the Great Sphinx of Giza. It has survived the harsh climate of Egypt for thousands of years and will remain long after our own civilization is gone. According to orthodox Egyptology, the Sphinx was built around 2500 BCE as a memorial to the pharaoh Khafre. Yet this "fact" has scant to no supportive evidence. When was the Sphinx really built and, most importantly, why? In this provocative collaboration from two Egyptology outsiders, Robert M. Schoch, Ph.D., and Robert Bauval combine their decades of research to show how the Sphinx is thousands of years older than the conventional Egyptological timeline and was built by a long forgotten pre-Pharaonic civilization. They examine the known history of the Sphinx, contrasting what Egyptologists claim with prominent historical accounts and new research, including updates to Schoch's geological water weathering research and reanalysis of seismic studies. Building on Bauval's Orion Correlation Theory, they investigate the archaeoastronomical alignments of the monuments of the Giza Plateau and reveal how the pyramids and Sphinx were built to align with the constellations of Orion and Leo. Analyzing the evidence for a significantly older construction phase at Giza and the restoration and recarving of the Sphinx during the Old Kingdom era, they assert that the Sphinx was first built by an advanced pre-Pharaonic civilization that existed circa 12,000 years ago on the Giza Plateau, contemporaneous with the sophisticated Göbekli Tepe complex. The authors examine how the monuments at Giza memorialize Zep Tepi, the Golden Age of legend shown here to be an actual historical time period from roughly 10,500 BCE through 9700 BCE. Moving us closer to an understanding of the true age and purpose of the Great Sphinx, Schoch and Bauval provide evidence of an early high civilization witnessed by the Great Sphinx before the end of the last ice age.

A Handbook for Travellers in Lower and Upper Egypt John Murray (Firm),1891

The Mummy Sir Ernest Alfred Wallis Budge,1925 A discussion of funerary procedures in ancient Egypt, covering mummification, burial practices, ritual texts, tombs and coffins, and other topics, and including background on Egyptian history and religion, a chart of the hieroglyphic alphabet, and other resources.
