George Miller Marischall

The Reality of the Spirit Man Olusola A. Areogun,2012-04-04 Man is a spirit who has a soul and dwells in a body. There is the reality of the physical man which most men know, some know the reality of the soul in a measure, but only a few men have become aware of the reality of the spirit man. It is the spirit of man that gets born-again, filled with the Holy Spirit and through which God wants to contact his children. This book deals with a number of issues including training that spirit man, the sound mind and dealing with wounded spirits; which will enlighten your heart on how to truly operate in the life of God that is in you as a believer in Christ and fulfill your God-given dreams in life.

SPIRITMAN (You Are Existing In Other World) Parlin Smith,2018-02-22 The Book, SPIRITMAN is an esoteric research by Parlin Smith that proves that a human being is a reflection of a Spirit that exists in the abstract realm, homing in the body of a man. This spirit has relationship with other realms and it is sensitive to lots of immoral living which could displease it to harbor a man. The emptiness of human being without his Spirit-man opens his spiritual realm-doors to welcoming lots of evil spirits and demons that could convert and render his live into an environment known as, Soil-spirit. The importance of Spirit-man ranges from accelerating a man's success, peaceful and healthy living; Spirit-man, when balanced smooth and expands the relationship of its physical-man with God.

The Spirit of a Man Iyanla Vanzant,1997-05-09 A message of spiritual empowerment for African American men combines parables, meditation, prayer, and ritual to guide them.

The Nature of Spirit and of Man as a Spiritual Being Chauncey Giles,2008-12 PREFACE. THE Author of this very practical treatise on Scotch Loch - Fishing desires clearly that it may be of use to all who had it. He does not pretend to have

written anything new, but to have attempted to put what he has to say in as readable a form as possible. Everything in the way of the history and habits of fish has been studiously avoided, and technicalities have been used as sparingly as possible. The writing of this book has afforded him pleasure in his leisure moments, and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general. This section is interleaved with blank sheets for the readers notes. The Author need hardly say that any suggestions addressed to the case of the publishers, will meet with consideration in a future edition. We do not pretend to write or enlarge upon a new subject. Much has been said and written-and well said and written too on the art of fishing but loch-fishing has been rather looked upon as a second-rate performance, and to dispel this idea is one of the objects for which this present treatise has been written. Far be it from us to say anything against fishing, lawfully practised in any form but many pent up in our large towns will bear us out when we say that, on the whole, a days loch-fishing is the most convenient. One great matter is, that the loch-fisher is dependent on nothing but enough wind to curl the water, -and on a large loch it is very seldom that a dead calm prevails all day, -and can make his arrangements for a day, weeks beforehand whereas the stream-fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river, it is quite another matter to arrange for a days river-fishing, if one is looking forward to a holiday at a date some weeks ahead. Providence may favour the expectant angler with a good day, and the water in order but experience has taught most of us that the good days are in the minority, and that, as is the case with our rapid running streams, -such as many of our northern streams are, -the water is either too large or too small, unless, as previously remarked, you live near at hand, and can catch it at its best. A common belief in regard to loch-fishing is, that the tyro and the experienced angler have nearly the same chance in fishing, -the one from the stern and the other from the bow of the same boat. Of all the absurd beliefs as to loch-fishing, this is one of the most absurd. Try it. Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy, or even a cast similar to those which a crack may be using and if he catches one for every three the other has, he may consider himself very lucky. Of course there are lochs where the fish are not abundant, and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught, and where each has a fair chance. Again, it is said that the boatman has as much to do with catching trout in a loch as the angler. Well, we don't deny that. In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream-fishing...
