Lennington. This agenda is composed of 110 pages and allows you to plan 12 weeks, the equivalent of 84 days. This dashboard allows you to be more productive, to know where you are going and to achieve your projects by setting daily objectives. The agenda is divided into 9 parts of 9 pages. Here is the composition of one part: Page 1: Planning the week. Define your main and secondary objectives for the week and the tasks to be implemented to achieve them. Page 2 to 8: Each page corresponds to one day. On these pages, you can define your main goal for the day and the things you must do to achieve it. You will also be able to plan your day hour by hour to improve your productivity and complete your project more easily or quickly. Page 9: Week in Review. At the end of each week, take stock of whether you've reached your goals. If not, mark it as a priority for the following week. Then move on to a new week and start the process again. This agenda is more than just a diary. It is a companion on the road!
