**The Path to Authentic Leadership** Manfred F. R. Kets de Vries, 2022-10-10 The unprecedented challenges of today—a world-wide pandemic, climate disruption on a global scale, and an economic instability that knows no boundaries—require a leadership grounded in a profound and unflinching awareness of our interconnectedness and the existential stakes before us. The Path to Authentic Leadership frames the dilemmas of leadership within the insights provided by the Ouroboros, the mythic snake willing to destroy parts of itself so that it can be renewed. Like the Ouroboros, today's leaders must be prepared to enter into a dynamic, uncertain, and ever-changing environment with the capacity to reflect, adapt, let go of what is no longer working, and create solutions that are not only renewing, but sustainable. Drawing from his decades of training in psychoanalysis and the systems-psychodynamic method, Kets de Vries discusses the effects of the pandemic in the context of the seven deadly sins, the impact of shame, evil, the lure of charisma and even the perils of procrastination. Also, he explores the inner theatre of white-collar criminals and the super-rich. He comments on the role of magic in management and the paradoxical role of koans, serving as catalysts for change. From there, he goes on to outline a path toward organizational transformation, turning again to the self-renewing process presented by the Ouroboros. This dynamic is applied to his 7C sequence for organizational transformation—Context, Confrontation, Clarification, Crystallization, Cascading, Consolidation, and Continuity. Its enactment is brought to life through the story of a troubled CEO and the careful, step-by-step advice offered by an experienced executive consultant. Throughout, Kets de Vries reminds us that the path to authentic leadership will be meaningless unless it is guided by a deeply held commitment to serve as a force for good.

**(Post)Colonial Histories - Trauma, Memory and Reconciliation in the Context of the Angolan Civil War**

Benedikt Jager, Steffi Hobuß, 2017-10-15 The documentary *My heart of Darkness* (Sweden 2011) tells the story of a South-African paratrooper returning to Angola: Facing former enemies, he tries to regain mental health and reconciliation. The film marks the stepping-stone for this volume: The contributions examine different facets like the memory-discourse, genre aspects, the use of music, and authentication processes. Several texts discuss these topics in a more general way including other films. Furthermore, some articles are devoted to the historical context, i.e. the Angolan Civil War and the aftermath of this conflict in the cultural sphere.

**Unleashing the Power of Unconditional Respect** Jack Colwell, Charles Huth, 2010-06-16 Every day, police officers face challenges ranging from petty annoyances to the risk of death in the line of duty. Coupled with these difficulties is, in some cases, lack of community respect for the officers despite the dangers these men and women confront while protecting the public. Exploring issues of courage, integrity, leadership, and character

*How to Fight Racism* Jemar Tisby, 2021-01-05 Winner of the 2022 ECPA Christian Book Award for Faith & Culture How do we effectively confront racial injustice? We need to move beyond talking about racism and start equipping ourselves to fight against it. In this follow-up to the New York Times Bestseller *the Color of Compromise*, Jemar Tisby offers an array of actionable items to confront racism. *How to Fight Racism* introduces a simple framework—the A.R.C. Of Racial Justice—that teaches readers to consistently interrogate their own actions and maintain a consistent posture of anti-racist behavior. The A.R.C. Of Racial Justice is a clear model for how to think about race in productive ways: Awareness: educate yourself by studying history, exploring your personal narrative, and grasping what God says about the dignity of the human person. Relationships: understand the spiritual dimension of race relations and how authentic connections make reconciliation real and motivate you to act. Commitment: consistently fight systemic racism and work for racial justice by orienting your life to it. Tisby offers practical tools for following this model and suggests that by applying these principles, we can help dismantle a social hierarchy long stratified by skin color. He encourages rejection of passivity and active participation in the struggle for human dignity. There is hope for transforming our nation and the world, and you can be part of the solution.

*The Patient as Text* Petter Aaslestad, 2018-05-08 A commonly-held model of the doctor-patient relationship casts it as a subject/object relationship: broadly the patient is a 'text', and the doctor the reader or interpreter of that text. However,

recent critical models preset notions of text and reader as complex and unstable, and the relationship of doctor and patient as similarly complicated. Explorations of psychiatry and 'madness' by critics such as Michel Foucault present a further background of complex ideological change. In *The Patient as Text*, Petter Aaslestad explores selections from over a century of psychiatric notes from Gaustad Hospital, Norway against this critical background, exploring the impact of ideological and medical changes surrounding the psychiatric clinical relationship and psychiatric professionals as constructors of narratives. This book will be of interest to researchers in the medical humanities, psychiatric practitioners, and those with an interest in medical history and critical theory.

Topics include liberty, religion, revolution, republican government, the constitution, education, commerce, class, war and peace, and the disenfranchised (slaves, Native Americans and women).
