Routledge International Handbook of Religion in Global Society Jayeel Cornelio, François Gauthier, Tuomas Martikainen, Linda Woodhead, 2020-11-29 Like any other subject, the study of religion is a child of its time. Shaped and forged over the course of the twentieth century, it has reflected the interests and political situation of the world at the time. As the twenty-first century unfolds, it is undergoing a major transition along with religion itself. This volume showcases new work and new approaches to religion which work across boundaries of religious tradition, academic discipline and region. The influence of globalizing processes has been evident in social and cultural networking by way of new media like the internet, in the extensive power of global capitalism and in the increasing influence of international bodies and legal instruments. Religion has been changing and adapting too. This handbook offers fresh insights on the dynamic reality of religion in global societies today by underscoring transformations in eight key areas: Market and Branding; Contemporary Ethics and Virtues; Intimate Identities; Transnational Movements; Diasporic Communities; Responses to Diversity; National Tensions; and Reflections on 'Religion'. These themes demonstrate the handbook's new topics and approaches that move beyond existing agendas. Bringing together scholars of all ages and stages of career from around the world, the handbook showcases the dynamism of religion in global societies. It is an accessible introduction to new ways of approaching the study of religion practically, theoretically and geographically.

Religion in Sociological Perspective Keith A. Roberts, David Yamane, 2020-08-04 The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award—enabling graduate students and early career faculty to attend the annual ASA pre-conference teaching and learning workshop. Religion in Sociological Perspective introduces students to the systems of meaning, structure, and belonging that make up the complex social phenomena we know as religion. Authors Keith A. Roberts and David Yamane use an active learning approach to illustrate the central theories and methods of research in the sociology of religion and show students how to apply these analytical tools to new groups they encounter. The Seventh Edition departs from previous editions by emphasizing that the sociology of religion is an ongoing conversation among scholars in dialogue with existing scholarship and the social world. This perspective is established in the new second chapter, Historical Development of the Sociology of Religion. Other chapters feature important voices from the past alongside the views of contemporary sociologists, and conclude with a glimpse of where the sociology of religion might be

heading in the future. At every opportunity, the text has been enriched by research and examples that are meant to challenge parochial limits in the sociology of religion, pushing beyond Christianity, congregations, beliefs, national borders (especially the United States), and even beyond religion itself (to take nonreligion more seriously). Included with this title: The password-protected Instructor Resource Site (formally known as SAGE Edge) offers access to all text-specific resources, including a test bank and editable, chapter-specific PowerPoint® slides. A student activity guide includes chapter specific exercises linked to resources within the ARDA.

Christian Sacred Music in the Americas Andrew Shenton, Joanna Smolko, 2021-02-17 Christian Sacred Music in the Americas explores the richness of Christian musical traditions and reflects the distinctive critical perspectives of the Society for Christian Scholarship in Music. This volume, edited by Andrew Shenton and Joanna Smolko, is a follow-up to SCSM's Exploring Christian Song and offers a cross-section of the most current and outstanding scholarship from an international array of writers. The essays survey a broad geographical area and demonstrate the enormous diversity of music-making and scholarship within that area. Contributors utilize interdisciplinary methodologies including media studies, cultural studies, theological studies, and different analytical and ethnographical approaches to music. While there are some studies that focus on a single country, musical figure, or region, this is the first collection to represent the vast range of sacred music in the Americas and the different approaches to studying them in context.

Own The Moment Carl Lentz, 2017-10-31 Shares the story of how the author went from an average adolescent to being the stylish leader of a thriving congregation and ministering to celebrities, along with advice for Christians to maintain their faith in an often ungodly world.

Taking God to School Marion Maddox, 2014 Marion Maddox argues that in Australia's public schools, students are now routinely exposed to evangelism from very conservative Christian groups. Maddox claims these groups have a surprising impact on once secular public schooling, and the ways in which governments have been persuaded to support their cause. Maddox is openly against Christian school education.

The Ten Most Influential Churches of the Past Century Elmer Towns,2015-01-20 Your Church Can Influence the World History has shown that great leaders have the ability to reach beyond the walls of their churches to influence cultures for Christ. We've seen it in the Pentecostal/Charismatic movement, in the explosive growth of house churches in Communist China, in the expansion of the Southern Baptist Convention, and in the worldwide rise of praise and worship music led by Hillsong Church, among other phenomena. In *The Ten Most Influential Churches of the Past Century*, Dr. Elmer Towns presents evidence of the powerful influence of these churches and how their innovative strategies and faith accomplish these goals. Then he tells how you can apply these principles to your church. You will learn how some of the most influential leaders in Church history became conduits for your future ministry and how your church can experience exponential growth. Most importantly, you will see that the great results in these ten churches grow out of the power of the Word of God, the ministry of many dedicated lay workers, the faith-producing ministry of great leaders—all under the anointing of the Holy Spirit.
