Encyclopedia of Artists: Andrea-Cimabue William Vaughan, 2000 A comprehensive, profusely illustrated guide to the world of art for young adults, this six-volume set is a fact-packed introduction to the masters and concepts of Western art. Featuring painters, sculptors, and printmakers from the Middle Ages through the present, the series has been produced through the exacting efforts of leading art historians and written in vivid, engrossing style that will be easily accessible to teenage readers. The first five books in the set contain biographical entries on 222 artists in the familiar A-Z format. Each

double-page entry follows a consistent pattern. Its centerpiece is a brief essay focusing on the distinguishing characteristics of the artist's life and work. The essay is supplemented with a quick-reference biography sidebar and a feature box on the artist's style. Each profile is illustrated in color with up to two color reproductions of the works that best define the artist's style and contributions to the art of the time. Cross-references to other artists and movements follow each entry. Every volume features a timeline spanning the major movements of Western art. The final volume collects entries on the major schools and movements in art--from Abstraction through Barbizon school and dada to Vorticism--as well as a series index and a glossary with suggestions for further reading. Equally conducive to both serious research and browsing, this elegant set offers consistent visual treatment of the artists and multiple points of comparison. Young adult art aficionados will discover that an attractive page design coupled with lucid, energetic writing and exquisite scholarship hold the key to discovering the greatest talents in history and their artistic legacy.

The McGraw-Hill Book of Fiction Robert DiYanni, Kraft Rompf, 1995 THE MCGRAW-HILL BOOK OF FICTION takes a global approach to literature, providing a rich selection of narratives for your students. As well as discussing the elements, forms, and the pleasures of fiction, the book's introduction includes a section connecting various fictional texts with works of art and songs ranging from medieval to modern times. Furthermore, the book's anthology dedicates a section to myths, legends, and folktales from around the world. When these two special features are combined with a broad array of short stories and five short novels from the western tradition, the result is a text unparalleled in its ability to introduce students to the many interrelationships within fiction among genre, culture, and history.

Roman Holidays Robert K. Martin, Leland S. Person, 2002 Featuring essays by twelve prominent American literature scholars, *Roman Holiday* explores the tradition of American travel to Italy and makes a significant contribution to the understanding of nineteenth-century American encounters with Italian culture and, more specifically, with Rome. The increase in American travel to Italy during the nineteenth century was partly a product of improved conditions of travel. As suggested in the title, Italy served nineteenth-century writers and artists as a kind of laboratory site for encountering Others

and “other” kinds of experience. No doubt Italy offered a place of holiday—a momentary escape from the familiar—but the journey to Rome, a place urging upon the visitor a new and more complex sense of history, also forced a reexamination of oneself and one's identity. Writers and artists found their religious, political, and sexual assumptions challenged. Nathaniel Hawthorne's *The Marble Faun* has a prominent place in this collection: as Henry James commented in his study of Hawthorne, the book was “part of the intellectual equipment of the Anglo-Saxon visitor to Rome.” The essayists also examine works by James, Fuller, Melville, Douglass, Howells, and other writers as well as such sculptors as Hiram Powers, William Wetmore Story, and Harriet Hosmer. Bringing contemporary concerns about gender, race, and class to bear upon nineteenth-century texts, *Roman Holidays* is an especially timely contribution to nineteenth-century American studies.

*The Words We Use* Diarmaid Ó Muirthe,1999 The third collection of Diarmaid O'Muirthe's ever-popular Irish Times column of the same names follows on from *The Words We Use* (1996) and *A Word in Your Ear* (1997). As with the previous two volumes, this collection illustrates the author's delight in language and his passion for words. Drawing on his own wit, a wide range of sources and the inspiration of his readers, O'Muirthe examines and illuminates words and phrases, both colloquialisms and standard English.
