Teaching Pronunciation Hardback with Audio CDs (2) Marianne Celce-Murcia, Donna M. Brinton, Janet M. Goodwin, 2010-04-16 Teaching Pronunciation Second edition is a comprehensive treatment of pronunciation pedagogy. This new edition of Teaching Pronunciation - undoubtedly the gold standard for pronunciation methodology texts - has been revised to reflect recent research into the sound system of North American English, as well as new practices in pronunciation pedagogy. Audio CDs with additional examples are now packaged with the book.

Cognition Daniel T. Willingham, Cedar Riener, 2019-08 Explains foundational experiments and basic theories of cognition, and explains how they relate, in a clear, structured narrative.

Fundamentals of Brain and Behavior William J. Ray, 2024-02-02 Fundamentals of Brain and Behavior provides an accessible introduction to the study of human neuroscience. The book has been carefully designed to accompany a typical entry-level course, covering core topics including the function and structure of the nervous system, basic human motivations, stress and health, and cognitive functioning. In addition to traditional topics, the book also includes dedicated chapters on the social brain, neurocognitive disorders, and brain imaging techniques, ensuring students gain a thorough understanding of the field in its broadest sense. An evolutionary approach is also taken throughout, providing a truly unique perspective on our understanding of brain and behavior. The text is supported by colorful and informative diagrams, alongside a plethora of student-friendly features such as learning objectives, case studies, and concept checks. The book is also supported by online resources including basics of neuroscience videos. Helping students understand the basics of human neuroscience across evolutionary time, Fundamentals of Brain and Behavior is an essential text for all students of Behavioral Neuroscience, especially those approaching the subject for the first time.

Collins International Primary English - International Primary English Teacher's Guide: Stage 1, 2021-06-07 Collins International Primary English offers full coverage of the Cambridge Primary English curriculum framework (0058) from 2020 within a six-level, multi-component course, which has been carefully developed to meet the needs of teachers and students in the international market.

Introduction to Psychological Science William J. Ray, 2021-07-19 Introduction to Psychological Science provides students with an accessible, comprehensive, and engaging overview of the field of scientific psychology. It expertly incorporates a variety of perspectives ranging from neuroscience to cultural perspectives at an introductory level. Ray brings together cutting-edge research from traditional psychological literature to modern, evolving perspectives, and creates a unified approach by focusing on three core themes: Behavior and Experience: an analysis of behavior and experiences observed across a variety of everyday life situations. Neuroscience: an examination of psychological experiences through neuroscience lens ranging from genetic/epigenetic to cortical networks as related to psychology. Evolutionary/Human Origins: an exploration of broader scientific questions by examining psychological processes from the perspective of human and cultural history. Through these themes, the book delves into topics like social processes, psychopathology, stress and health, motivation and emotion, developmental sequences, and cognitive functions such as memory, learning, problem solving, and language. Throughout it helps students to understand the nature of psychological science by addressing common myths and misconceptions in psychology, showing how psychological science can be applied to everyday life and how new research can be created. Additionally, this student-friendly book is packed with pedagogical features, including concept checks to test reader knowledge, extensions features which show how to apply knowledge, and a comprehensive glossary. Reflecting the latest APA Guidelines concerning the essential elements of an introductory psychology course, this text is core reading for all undergraduate introductory psychology students.

Language Arts Dianne L. Monson, Barbara M. Taylor, Robert Dykstra, 1988

Introduction to English Phonetics and Phonology Ulrike Gut, 2009 This comprehensive textbook provides a practical introduction to English phonetics and phonology. Assuming no prior background, the author outlines all of the core concepts and methods of phonetics and phonology and presents the basic facts in a clear and straightforward manner. In sections marked as advanced reading it is shown how these concepts and methods are applied in language acquisition and language teaching. The textbook contains exercises, an index, suggestions for further reading and many audio examples on the accompanying CD-ROM. An essential text for students embarking on the study of English sounds at B.A. level and beyond.

English Language ,

An Analytical Approach to English Language Suma Pothuvaal, 2025-01-03 An Analytical Approach to English Language guides you in mastering English through a structured linguistic approach. This book introduces key linguistic concepts and the fundamentals of modern English grammar in a clear and accessible manner. We break down each concept into smaller, easily understandable sub-concepts, enabling you to grasp the core principles effectively. Our book also explores how cultural differences can influence language and lead to misunderstandings, offering linguistic strategies to overcome these challenges. You'll find numerous examples illustrating each concept, helping you gain a deeper understanding. Each chapter

includes summaries and exercises to reinforce your learning and test your knowledge.

The Lesser-Known Varieties of English Daniel Schreier, Peter Trudgill, Edgar W. Schneider, Jeffrey P. Williams, 2010-03-04 This is the first ever volume to compile sociolinguistic and historical information on lesser-known, and relatively ignored, native varieties of English around the world. Exploring areas as diverse as the Pacific, South America, the South Atlantic and West Africa, it shows how these varieties are as much part of the big picture as major varieties and that their analysis is essential for addressing some truly important issues in linguistic theory, such as dialect obsolescence and death, language birth, dialect typology and genetic classification, patterns of diffusion and transplantation and contact-induced language change. It also shows how close interwoven fields such as social history, contact linguistics and variationist sociolinguistics are in accounting for their formation and maintenance, providing a thorough description of the lesser-known varieties of English and their relevance for language spread and change.

Planning Primary English Kirstie Hewett, 2024-05-23 Effective lesson planning is a crucial skill for all primary school teachers and is key to fostering engaging and focused learning. So how can new teachers ensure that their plans are motivating and impactful so that their students can make good progress? This book serves as a comprehensive roadmap for planning dynamic and effective English lessons and clearly explains key principles and concepts that underpin effective teaching in all aspects of the primary English curriculum. Covering a wide range of topics, this book discusses how to plan compelling lessons on teaching phonics, comprehension, grammar, spoken language and more, as well as adaptive teaching for an inclusive classroom. It identifies the key decisions new teachers, who are planning their own lessons for the first time, must consider to execute well-structured lessons and suggests how these can be tailored to meet the needs of all learners. Whether you're on a university-based path (PGCE, BEd, BA with QTS) or exploring school-based routes (School Direct, SCITT, Teach First), or an Early Career Teacher, this book is essential reading to transforming lesson planning from a challenge into a creative and effective teaching tool. Kirstie Hewett is a senior lecturer in primary English at the University of Chichester.
