

Coraline The Other Mother

Wikipedia contributors

Under the Bed, Creeping Michael Howarth,2014-05-16 From Puritan tracts and chapbooks to fairy tales and Victorian poems, from zombies and werewolves to ghosts and vampires, the gothic has become an important part of children's literature. This book explores how Gothicism is crucial in helping children progress through different stages of growth and development. It examines five famous texts--Christina Rossetti's *Goblin Market*, Carlo Collodi's *Pinocchio*, Neil Gaiman's *Coraline*, three versions of *Little Red Riding Hood*, and J.M. Barrie's play and then novel *Peter and Wendy*--incorporating renowned psychologist Erik Erikson's landmark theories on psychosocial stages of development. By linking a particular stage to each of the aforementioned texts, it becomes clearer how anxiety and terror are just as important as happiness and wonder in fostering maturity, achieving a sense of independence and fulfilling one's self-identity. Gothic elements give shape to children's fears, which is precisely how children are able to defeat them, and through their interactions with the ghosts and goblins that inhabit fantasy worlds, children come to better understand their own world, as well as their own lives.

Focus On: 100 Most Popular American 3D Films Wikipedia contributors,

Fantasy Media in the Classroom Emily Dial-Driver,,Sally Emmons,Jim Ford,2014-01-10 A common misconception is that professors who use popular culture and fantasy in the classroom have abandoned the classics, yet in a variety of contexts--high school, college freshman composition, senior seminars, literature, computer science, philosophy and politics--fantasy materials can expand and enrich an established curriculum. The new essays in this book combine analyses of popular television shows including *Buffy the Vampire Slayer*; such films as *The Matrix*, *The Dark Knight* and *Twilight*; *Watchmen* and other graphic novels; and video games with explanations of how best to use them in the classroom. With experience-based anecdotes and suggestions for curricula, this collection provides a valuable pedagogy of pop culture.

Focus On: 100 Most Popular Films Based on British Novels Wikipedia contributors,

Neil Gaiman and Philosophy Tracy Lyn Bealer,Rachel Luria,Wayne Yuen,2012 Explores philosophical ideas in the works of Neil Gaiman, including *American Gods*, *Coraline*, *The Graveyard Book*, and *Neverwhere*.

Supernatural Fiction Writers Richard Bleiler,2003 The Scribner Writers Series has set the standard for literary reference

for more than 25 years. In addition to addressing the lives and careers of important writers, the articles discuss the themes and a styles of major works and place them in pertinent historical, social and political concerns for today's readers. Novelists, playwrights, essayists, poets, short story writers, and more recently, genre writers in science fiction and mystery, are all expertly discussed in the more than 17 sets comprising this series. To see listings of writers for any volume in this section, go to the Scribner Writers Series section online at www.gale.com/scribners. J.K. Rowling, Peter Straub, Anne McCaffrey--these are among the many widely-read authors in fantasy and horror genres covered in this addition to Scribner's 1985 two-volume set. Essays written by scholars--yet accessible to the general reader and student--treat both writers who have risen to prominence since the 1985 edition, and those whose careers have continued since original coverage, such as Stephen King, Ursula K. LeGuin, and Harlan Ellison. The index cumulates the index from the first two volumes.

Wessells,2007 Includes, beginning Sept. 15, 1954 (and on the 15th of each month, Sept.-May) a special section: School library journal, ISSN 0000-0035, (called Junior libraries, 1954-May 1961). Also issued separately.

Icons of Beauty Debra N. Mancoff,Lindsay J. Bosch,2010 From images of Eve to Cindy Sherman's self-portraits, from Cleopatra to Madonna, from ancient goddesses to modern celebrities, this work offers an overview of the most revered icons of female beauty in world art from pre-history to the present. What gives beauty such fascinating power? Why is beauty so easy to recognize but so hard to define? Across cultures and continents and over the centuries the standards of beauty have changed but the desire to portray beauty, to praise beauty, and to possess beauty has never diminished. This set offers insight as to how we can use perceptions of beauty to learn about world cultures, both past and present. Each chapter looks at an individual work of art to pose a question about the power of beauty. What makes beauty modern? What is the influence of celebrities? How do women portray their own beauty in a different manner than men? In-depth profiles of the icons reveal

how specific ideas about beauty were developed and expressed, offering a full analysis of their history, cultural significance, and lasting influence. In addition to renowned works of art, it also looks at icons in literature, film, politics, and contemporary entertainment. Interdisciplinary and multicultural in its approach, chapters inside this set also feature sidebars on provocative topics and issues, such as foot binding and body adornment; myths and practices; opinions and interpretations; and even related films, songs, and even comic book characters.
