A Circle in the Woods Winston Emerson, 2012 On a late summer morning in 1958, Phil Stapleton discovers and rescues five-year-old Brittany Duncan after she spends two days lost deep in the Kentucky woods. Two months later, when a tree branch crashes through the rickety trailer where Brittany lives, Phil takes the girl and her mother under his roof. What follows is a decade of mystery, terror, violence, and tragedy, with no escape in sight. P. [4] cover.

The 4th Marine Brigade at Belleau Wood and Soissons J. Michael Miller, 2020-06-29 The battles of Belleau Wood and Soissons in June and July of 1918 marked a turning point in World War I and in the stature of the US Marine Corps, whose fighting proved so critical in repelling the Germans that the French would later rename Belleau “Bois de la Brigade de Marine.” In this book J. Michael Miller, a historian of the Marine Corps and veteran chronicler of battle, takes us to the battlefields of Belleau Wood and Soissons, immersing us in the experience of a single brigade of marines at the forefront of the fighting. Through a close-up look at the doughboys’ singular impact on Allied victory in 1918, his work illuminates America’s bloody sacrifice during World War I. The 4th Marine Brigade at Belleau Wood and Soissons for the first time treats these two battles as one campaign and demonstrates why it is impossible to fully understand one without the other. Miller outlines the company and platoon levels of combat throughout the campaign, establishing a basic tactical understanding of the fighting; he also draws on letters, diaries, memoirs, and interviews to create a vivid and personal reconstruction of the battles. His use of French and German sources, also a first, adds unprecedented insights to this boots-on-the-ground account. The book includes detailed mapping of both battlefields, with a thirty-six-stop guide linking the text with the actual terrain. For each of these stops Miller gives GPS coordinates to provide a virtual tour of the sites he discusses. With its strategic overview and ground-level perspective, Miller’s work suggests a new interpretation and offers a new experience of an iconic moment in American military history—and in the story of the Marine Corps.

In the Woods ,2000 *In the Woods: Stories from Lakeshore Road* focuses on families who have resided on this .85 mile stretch since individual lots were first purchased in the 1920s. Stories are grouped thematically in ten chapters that range from the difficulties of coping with primitive cabins in the early years to the professions and avocations of those who now live on the road or did so in the past. The book includes numerous black and white photos, two colored ones of current residents, a fold-out map of the road with fire numbers, and an index of proper names. The author, Phyllis Zatlin, is daughter of two of the original lot owners.

The Wood that Built London C. J. Schüller,2021-10-07 'Meticulously researched yet accessible' Geographical Standing in the busy streets of South London today, it is hard to imagine that much of this suburban townscape was once a vast wood, stretching unbroken for almost seven miles from Croydon to the Thames at Deptford. In *The Wood That Built London*, C.J. Schüller takes us on a journey through time, telling tales of invaders and trade guilds, map makers and soldiers, royals and working class people. From the 8th century to current conservation efforts, Schüller offers a fresh perspective on London's history, with tales of murder, Anglo-Saxon treasure, fires, pandemics, the blitz and more along the way. This compelling narrative history charts the fortunes of the North Wood from the earliest times: its ecology, ownership, management, and its gradual encroachment by the expanding metropolis.
