Annie Baker

John Annie Baker, 2018-01-18 The week after Thanksgiving. A bed and breakfast in Gettysburg, Pennsylvania. A cheerful innkeeper. A young couple struggling to stay together. Thousands of inanimate objects, watching. John, an uncanny play by Annie Baker, was first seen Off-Broadway in 2015. The play had its UK premiere at the National Theatre, London, in 2018, in a production directed by James Macdonald. Annie Baker's other plays include Pulitzer Prize-winning *The Flick*, *The Antipodes*, *Circle Mirror Transformation*, *The Aliens*, and an adaptation of Chekhov's *Uncle Vanya*. She has won many other awards, including a Guggenheim Fellowship and a MacArthur Grant.

Infinite Life Annie Baker, 2026-05-12 A funny and profound meditation on the complexity of chronic illness and the ache of desire. At a clinic in Northern California, five women recline on patio lounge chairs. They are fasting, drinking only water or juice in the hope that the deprivation will help their bodies begin to heal from a litany of afflictions—cancers and autoimmune disorders and thyroid conditions and mysterious infections. To distract themselves from the near-constant pain they are in, they philosophize and swap book recommendations, confide intimate family stories and share hopes for their future recoveries. Over the course of several days, the clinic becomes a purgatorial space, where prolonged hunger and suffering seem to warp time itself. The women's meandering discussions slowly accumulate a powerful emotional resonance, leading to deep and troubling questions: is there any meaning to be found in pain, or is it merely something to be endured? Can physical intimacy be an antidote to suffering, or is it only a brief distraction? An engrossing and compassionate play that resists easy answers to the problem of what it means to reside in a body that fails you.

The Figure of the Monster in Global Theatre Michael M. Chemers, Analola Santana, 2024-10-09 Bringing together international perspectives on the figure of the “monster” in performance, this edited collection builds on discussions in the fields of posthumanism, bioethics, and performance studies. The collection aims to redefine “monstrosity” to describe the cultural processes by which certain identities or bodies are configured to be threateningly deviant, whether by race, gender, sexuality, nationality, immigration status, or physical or psychological extraordinariness. The book explores themes of race, white supremacy, and migration with the aim of investigating how the figure of the monster has been used to explore representations of race and identity. To these, we add discussions on gender, queer identities, and how the figure of the “monster” has been used to explore the gendered body to finally understand how monstrosity intersects with contemporary

issues of technology and the natural world. Navigating the fields of disability studies, performance-centered monster studies, and representation in performance, editors Michael M. Chemers and Analola Santana have brought together perspectives on the figure of the “monster” from across a variety of fields that intersect with performance studies. This book is essential reading for Theatre and Performance students of all levels as well as scholars. It will also be an enlightening text for those interested in monstrosity and Cultural Studies more broadly.
