

San Jose Spanish Galleon

TOM Bennett

The Treasure of the San José Carla Rahn Phillips, 2007-07-02 Sunk in a British ambush in 1708, the Spanish galleon San Jos was rumored to have one of the richest cargos ever lost at sea. Though treasure hunters have searched for the wreck's legendary bounty, no one knows exactly how much went down with the ship or exactly where it sank. Here, Carla Rahn Phillips confronts the legend of lost treasure with documentary records of the San Jos's final voyage and suggests that the loss of silver and gold en route to Spain paled in comparison to the loss of the six hundred men who went down with the ship

Hunt for the Lost Treasure of San Jose Paul Caetano, 2022-07-06 On June 8, 1708, the Spanish Galleon San José exploded and sank somewhere in the Caribbean Sea, off the coast of Cartagena, Colombia, during an attack suffered by an English fleet. Along with it, 600 people died and treasured in gold, silver, coins and precious stones, now valued at twenty billion dollars. The exact site of its sinking has not yet been absolutely confirmed and it has been the subject of a legal dispute between several countries that have already made search and rescue excursions for what is now considered the Holy Grail of Shipwrecks. This book inserts a fictional story into this real historical fact. In order to find a supposed shipwreck map made by one of the survivors, two teams of professionals, scientists and Marines, one from Spain and one from England, return to the past through two wormholes opened as a time tunnel. And then, the most exciting, risky and challenging competition begin, in which, to achieve their goals, the members have to follow clues that lead them to an intermittent sequence of breathtaking adventures. Pirates, cannibals, Mayans, mermaids, sea monsters and volcanoes, among others, are the challenges that the enigmatic map brings to young people to be overcome, some of them deadly. Competition in the past has repercussions in the present, generating an international conflict around the dilemma: to what extent do people fight for their ideals? An exciting mix of science fiction, physics, Latin American history and fantasy, which will trap the reader from the first to the last page.

The San José Galleon Peter H Fairbanks, 2025-09-27 The San José Galleon: Billions in Sunken Silver by Peter H. Fairbanks tells the gripping story of the Holy Grail of Shipwrecks-a treasure-laden Spanish galleon lost in the Caribbean in 1708. Flagship of the Treasure Fleet, the San José carried an immense cargo of silver, gold, and emeralds when she met her fiery end off Barú in a clash with British warships during the War of the Spanish Succession. Her destruction sent billions in

wealth to the ocean floor, where she lay undisturbed for centuries, becoming both legend and obsession. Fairbanks traces the ship's journey from the silver mines of Potosí and the emerald fields of Colombia to her final voyage out of Cartagena. He explores how the wreck became a symbol of empire's rise and fall, a target of modern treasure hunters, and the center of bitter legal battles between nations, corporations, and archaeologists. From early salvage dreams and Cold War technologies to the dramatic 2015 rediscovery announced by the Colombian government, the San José has emerged as more than a shipwreck: she is a contested prize, a war grave, and a mirror of human ambition. Drawing on historical records, eyewitness reports, maritime archaeology, and modern geopolitics, this book goes beyond the glitter of treasure to reveal the deeper story of empire, memory, and mystery beneath the sea. Perfect for readers captivated by shipwrecks, lost fortunes, and the drama of history, *The San José Galleon: Billions in Sunken Silver* brings to life the enduring allure of a ship that, even three centuries later, refuses to be forgotten.

The Treasure of the San José Carla Rahn Phillips, 2007-07-02 2007 Award for Excellence in World History and Biography/Autobiography, Professional and Scholarly Publishing Division of the Association of American Publishers Sunk in a British ambush in 1708, the Spanish galleon San José was rumored to have one of the richest cargos ever lost at sea. Though treasure hunters have searched for the wreck's legendary bounty, no one knows exactly how much went down with the ship or exactly where it sank. Here, Carla Rahn Phillips confronts the legend of lost treasure with documentary records of the San José's final voyage and suggests that the loss of silver and gold en route to Spain paled in comparison to the loss of the six hundred men who went down with the ship. Drawing from rich archival records, Phillips presents a biography of the ship and its crew. With vivid detail and meticulous scholarship, the author tells the stories of the officers, sailors, apprentices, and pages who manned the ship and explains the historical context in which the San José became prey to the British squadron. But the story does not end with the sinking of the San José. While Phillips addresses the persistent question of how much treasure was on board when the ship went down, she focuses on the human dimensions of the tragedy as well. She recovers the accounts of British naval officers involved in the battle, and examines the impact of the ship's loss on the Spanish government, the survivors, and the families of the men who perished. Original, comprehensive, and compelling, *The Treasure of the San José* separates popular myth from history and sheds light on the human lives associated with a treasure ship.

Popular Science, 1969-06 Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Yachting, 2008-08

Treasure Ships of the Philippines TOM Bennett , Beneath the clear waters of the Philippines lie vast treasures from at least 15 Manila Galleons yet to be discovered. During World War II, Yamashita Treasure was meant to be deliberately sunk in

Japanese ships, with the intention of recovery after the War. Read this book to find out more. This book is issued with a word of warning. There are grave and unexpected dangers associated with treasure hunting in the Philippines. This is an easy to read history book, well researched and full of information that you will not find in anywhere else.

Encyclopedia of Western Atlantic Shipwrecks and Sunken Treasure Victoria Sandz, Robert F. Marx, 2003-12-31 From aerial survey to zoology, Part I of this two-part encyclopedia covers all aspects of underwater archeology, treasure hunting and salvaging. For example, entries are included for different types of artifacts, notable treasure hunters, the various salvaging equipment, and techniques in mapping and excavating. Part II covers the shipwrecks themselves, dividing them into 13 geographical categories. Beginning with the northernmost category (Canada) and ending with the southernmost (South America), every known shipwreck--both identified and unidentified--receives an entry in alphabetical order under its appropriate geographical category. Entries are by name, such as Andrea Gail, Titanic, and Queen Ann's Revenge. Unidentified is used when a shipwreck's name remains unknown. Entries give the nationality (e.g., Spanish, British, American), type (schooner, frigate, brig are three), function (examples: slave transportation, piracy, fishing), location and history of the shipwreck.

Treasures of the Spanish Main John Christopher Fine, 2006-09-01 This is a story about the lust for gold and treasure, Fine writes. In the 1600s and 1700s, Spain dominated the oceans with its fleet of galleons. Coming to the New World, these ships filled their holds with gold and silver and treasures beyond imagining. The seaway between Spain and the New World was dubbed The Golden Highway. On their journeys back across the seas, many were wrecked on reefs or destroyed by hurricanes. The watery depths now hold their treasures. Today, treasure divers seek their fortunes by attempting--sometimes successfully, sometimes fatally--to retrieve these hordes of riches. In *Treasures of the Spanish Main*, readers relive each voyage of long ago as well as witness the modern wreck diver's efforts to extract their secrets. Included are: The 1622 fleet * The Concepcion * The Maravillas * The Shipwreck off Jupiter Beach * The San Jose * the 1715 Fleet * and the 1733 Fleet The voyages of centuries ago come alive with Fine's excellent historical detail. Readers will experience the wild storms and the results of unfortunate choices made by long-ago sailors. The eccentric treasure hunters of today, along with those of the past, create a mosaic of suspense and drama on the high seas. A must for everyone interested in pirates, treasure, sailing, history, or just plain fun.
