Kathryn Cope

The Four Winds Kristin Hannah, 2021-02-02 The Bestselling Hardcover Novel of the Year.--Publishers Weekly From the number-one bestselling author of *The Nightingale* and *The Great Alone* comes a powerful American epic about love and heroism and hope, set during the Great Depression, a time when the country was in crisis and at war with itself, when millions were out of work and even the land seemed to have turned against them. "My land tells its story if you listen. The story of our family." Texas, 1921. A time of abundance. The Great War is over, the bounty of the land is plentiful, and America is on the brink of a new and optimistic era. But for Elsa Wolcott, deemed too old to marry in a time when marriage is a woman's only option, the future seems bleak. Until the night she meets Rafe Martinelli and decides to change the direction of her life. With her reputation in ruin, there is only one respectable choice: marriage to a man she barely knows. By 1934, the world has changed; millions are out of work and drought has devastated the Great Plains. Farmers are fighting to keep their land and their livelihoods as crops fail and water dries up and the earth cracks open. Dust storms roll relentlessly across the plains. Everything on the Martinelli farm is dying, including Elsa's tenuous marriage; each day is a desperate battle against nature and a fight to keep her children alive. In this uncertain and perilous time, Elsa—like so many of her neighbors—must make an agonizing choice: fight for the land she loves or leave it behind and go west, to California, in search of a better life for her family. *The Four Winds* is a rich, sweeping novel that stunningly brings to life the Great Depression and the people who lived through it—the harsh realities that divided us as a nation and the enduring battle between the haves and the have-nots. A testament to hope, resilience, and the strength of the human spirit to survive adversity, *The Four Winds* is an indelible portrait of America and the American dream, as seen through the eyes of one indomitable woman whose courage and sacrifice will come to define a generation.

Elsa Martinelli had finally found the life she'd yearned for. A family, a home and a livelihood on a farm on the Great Plains. But when drought threatens all she and her community hold dear, Elsa's world is shattered to the winds. Fearful of the future, when Elsa wakes to find her husband has fled, she is forced to make the most agonizing decision of her life. Fight for the land she loves or take her beloved children, Loreda and Ant, west to California in search of a better life. Will it be the land of milk and honey? Or will their experience challenge every ounce of strength they possess? From the overriding love of a mother for her child, the value of female friendship and the ability to love again – against all odds – Elsa's incredible journey is a story of survival, hope and what we do for the ones we love. A Prophecy of Empire Christopher J. Bonura,2025 The Apocalypse of Pseudo-Methodius was one of the medieval world's most popular and widely translated texts. Composed in Syriac in Mesopotamia in the seventh century, this supposed revelation presented a new, salvific role for the Roman Empire, whose last emperor, it prophesied, would help bring about the end of the ages. In this first book-length study of Pseudo-Methodius, Christopher J. Bonura uncovers the under-appreciated Syriac origins of this apocalyptic tract, revealing it as a remarkable response to political realities faced by Christians living under a new Islamic regime. Tracing the spread of Pseudo-Methodius from the early medieval Mediterranean to its dissemination via the printing presses of early modern Europe, Bonura then demonstrates how different cultures used this new vision of empire's role in the end times to reconfigure their own realities. The book also features a new, complete, and annotated English translation of the Syriac text of Pseudo-Methodius.
