Florida Crime Writers Steve Glassman,2014-12-24 This book examines 24 crime novelists who set their work in the Sunshine State. From James W. Hall's Under Cover of Daylight in the Florida Keys, to Barbara Parker's Suspicion of Betrayal in Miami to Tim Dorsey's Florida Roadkill at Cape Canaveral and Tampa, these writers and their works span all of Florida's 67 counties. A biographical sketch of each author precedes an interview by a critic who has immersed him- or herself in the novelist's works, producing interview-essays of noteworthy perception and insight.

Conversations with Steve Martin Robert E. Kapsis,2014-09-02 Conversations with Steve Martin presents a collection of interviews and profiles that focus on Martin as a writer, artist, and original thinker over the course of more than four decades in show business. While those less familiar with his full body of work may think of Martin as primarily the wild and crazy guy with an arrow through his head, this book makes the case that he is in fact one of our nation's most accomplished and varied artists. It shows the full range of Martin's creative work, tracing the source of his comic imagination from his early standup days, starting in the mid to late 1960s through the films he has written and starred in, and emphasizing his more recent creative outpourings as playwright, essayist, novelist, memoirist, songwriter, composer, musician, and art critic. "Standup is the hardest material in the world to write for someone else; it's like trying to condense 10 years of experience into 20 minutes of new material," Martin says. But commenting on his fiction writing, he says. "I think you have to be able to find as a writer that state where you don't know what you're going to say or what the character is going to say or who the characters are. That's the biggest thrill of all. When you start to trust that subconscious thing and you don't censor yourself—just remember you can always throw it away that's when the good stuff comes out." The selected materials consist not only of pieces focused primarily on Martin's writings, but also broader profiles and conversations that help explain Martin's development as a writer within the larger context of his many other accomplishments, talents, and performance skills.

Creating a Tween Collection Karen M. Smith,2019-04-15 Specialized collections for tweens, or middle schoolers, are relatively new and becoming increasingly popular. This Practical Guide gives librarians everything they need to create such a collection. Beginning with a brief description of the early adolescent brain and developmental stages, and a history of youth

and teen services in libraries, *Creating a Tween Collection* provides a solid foundation on which librarians can build support for such a collection. In addition, librarians will be given specific criteria for what constitutes “tween literature,” guidelines for forming parameters that will work for their community, and suggestions for using reviews and other sources in selecting appropriate materials and dealing with controversial titles. Finally, readers will learn how to re-allocate spaces and budgets, and how to market their new collection to patrons. This is a must-read for librarians who are looking to build a middle school collection in order to better serve their patrons. This book: - Provides rationale about the importance of a specialized Tween Collection. - Gives specific examples for both fiction and nonfiction books, databases and websites. - Provides guidance for creating diverse collections and tips for dealing with possible challenges. - Includes numerous case studies and booklists

Flush Carl Hiaasen, 2010-05-11 A hilarious, high-stakes adventure involving crooked casino boats, floating fish, toxic beaches, and one kid determined to get justice. This is Carl Hiaasen's Florida—where the creatures are wild and the people are wilder! You know it's going to be a rough summer when you spend Father's Day visiting your dad in the local lockup. Noah's dad is sure that the owner of the Coral Queen casino boat is flushing raw sewage into the harbor—which has made taking a dip at the local beach like swimming in a toilet. He can't prove it though, and so he decides that sinking the boat will make an effective statement. Right. The boat is pumped out and back in business within days and Noah's dad is stuck in the

clink. Now Noah is determined to succeed where his dad failed. He will prove that the Coral Queen is dumping illegally . . . somehow. His allies may not add up to much-his sister Abbey, an unreformed childhood biter; Lice Peeking, a greedy sot with poor hygiene; Shelly, a bartender and a woman scorned; and a mysterious pirate-but Noah's got a plan to flush this crook out into the open. A plan that should sink the crooked little casino, once and for all.
