Dali's Metamorphosis of Narcissus Reconsidered, 1984

Dalí's "Metamorphosis of Narcissus" Reconsidered Milly Heyd, 1984

Salvador Dalí's Art and Writing, 1927-1942 Haim Finkelstein, 1996-03-29 Salvador Dalí's Art and Writing, 1927-1942 examines the evolution of Dalí's art during the 1920s and 30s, when he was associated, first with the Catalan avant-garde, and then with the Surrealist group in Paris. During this period, Dalí's painting style changed radically, a phenomenon that has never been fully accounted for in the extensive literature on this subject. Haim Finkelstein's study is the first to examine these writings in detail as the foundation for the evolution of Dalí's unique artistic vision.

The Haunted Self David Lomas, 2000-01-01 The question, 'Who am I?' resounded throughout the surrealist movement. The exploration of dreams and the unconscious prompted surrealists to reject the notion of a unified, indivisible self by revealing the subject to be haunted by otherness and instability. In this book David Lomas explores the surrealist concepts of the self and subjectivity from a psychoanalytic viewpoint. Employing a series of case studies devoted to individual artists, Lomas arrives at a radically new account of surrealist art and its cultural and intellectual roots. Weaving together psychoanalytic and historical material, the author analyses works by Ernst, Dali, Masson, Miro and Picasso with regard to such themes as automatism, hysteria, the uncanny and the abject. Lomas focuses closely on individual artworks, examines the specific circumstances in which they were produced and offers new insights into the artists and their projects as well as the theories of Bataille, Breton and others. Lomas demonstrates the powerful connection between the history of psychoanalysis and the history of surrealism, and along the way shows the unique value of psychoanalytic theory as a tool for the art historian.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Surrealism and the Spanish Civil War Robin Adèle Greeley, 2006-01-01 La obra es una nueva aproximación al tema de la respuesta de los artistas ante la guerra, articulando la relación entre el esfuerzo artístico y la política durante periodos de crisis social. Se analiza la amplia respuesta que la Guerra Civil Española provocó en el trabajo de Miró, Dalí, Caballero, Masson y Picasso, investigando los esfuerzos del surrealismo por establecer un puente entre el pensamiento y el acto político.

Doppelgangers, Alter Egos and Mirror Images in Western Art, 1840-2010 Mary D. Edwards, 2020-05-29 The notion of a

person--or even an object--having a double has been explored in the visual arts for ages, and in myriad ways: portraying the body and its soul, a woman gazing at her reflection in a pool, or a man overwhelmed by his own shadow. In this edited collection focusing on nineteenth- and twentieth-century western art, scholars analyze doppelgangers, alter egos, mirror images, double portraits and other pairings, human and otherwise, appearing in a large variety of artistic media. Artists whose works are discussed at length include Richard Dadd, Salvador Dali, Egon Schiele, Frida Kahlo, the creators of Superman, and Nicola Costantino, among many others.

Towards Autonomous, Adaptive, and Context-Aware Multimodal Interfaces: Theoretical and Practical Issues

Anna Esposito, Antonietta M. Esposito, Raffaele Martone, Vincent Müller, Gaetano Scarpetta, 2011-01-14 This volume brings together the advanced research results obtained by the European COST Action 2102: Cross Modal Analysis of Verbal and Nonverbal Communication. The research published in this book was discussed at the 3rd jointly EUCOGII-COST 2102 International Training School entitled Toward Autonomous, Adaptive, and Context-Aware Multimodal Interfaces: Theoretical and Practical Issues , held in Caserta, Italy, on March 15-19, 2010. The book is arranged into two scientific sections. The 18 revised papers of the first section, Human-Computer Interaction: Cognitive and Computational Issues, deal with conjectural and processing issues of defining models, algorithms, and strategies for implementing cognitive behavioural systems. The second section, Synchrony through Verbal and Nonverbal Signals, presents 21 revised lectures that provide theoretical and practical solutions to the modelling of timing synchronization between linguistic and paralinguistic expressions, actions, body movements, activities in human interaction and on their assistance for an effective communication.

Drawing on Art Dalia Judovitz, Marcel Duchamp, 2010 This volume explores the central importance of appropriation, collaboration, influence, and play in French artist Marcel Duchamp's (1887-1968) work -- and in Dada and Surrealism in general -- to show how the concept of art itself became the critical fuel and springboard for questioning art's fundamental premises. Duchamp was a French artist whose work is most often associated with the Dadaist and Surrealist movements. The author maintains that rather than simply negating art, Duchamp's readymades (Duchamp's readymades are ordinary manufactured objects that the artist selected and modified, as an antidote to what he called retinal art) and later works, including films and conceptual pieces, demonstrating the impossibility of defining art in the first place. Through his readymades, Duchamp explicitly critiqued the commodification of art and inaugurated a profound shift from valuing art for its visual appearance to understanding the significance of its mode of public presentation.

A Clear and Present Danger Steven Buser, Leonard Cruz, 2016-07-26 Narcissism is epidemic and there is scarcely a domain that is immune to its effects. A Clear and Present Danger: Narcissism in the Era of Donald Trump brings together bestselling authors, university professors, and practicing clinicians to explore this vital topic. "Every country has the government it deserves," said Alexis de Tocqueville, author of Democracy in America. Whatever history eventually records

about the 2016 presidential election, this frank and thoughtful exploration of narcissism will prove to be a timely and timeless study. Narcissism demands to be mirrored and refuses to be challenged. It demands acclaim, obedience, and accommodation, while disregarding others. Whether narcissism overtakes the home, the workplace, or the national stage, everyone who comes under Narcissus's spell, both the narcissist and their subjects, suffer. Pundits insist that politics has seldom been as polarized as it became during the 2016 election in the United States. This was a coincidence of opposites, a coincidentia oppositorum. While Donald Trump galvanized vast numbers of angry, disaffected voters, Senator Bernie Sanders mobilized enormous crowds of young voters who seemed passionately committed to revolutionizing American politics. Regardless of the winner of the contest between Donald Trump and Hillary Clinton, it is vital to recognize what is happening on this global stage of politics. A Clear and Present Danger: Narcissism in the Era of Donald Trump explores the phenomenon of Trump as well as the vast landscape of narcissism in general. The contributors share a hope that these essays will become a mirror for the reader and for a nation called to examine itself. Dr. Estés reminds us in the closing pages, "We were made for times like these." (Contributors include: Jean Shinoda Bolen, James Hollis, Clarissa Pinkola Estés, Susan Rowland, and more than a dozen others. For more information: trumpnarcissism.com)

Salvador Dalí's Literary Self-portrait Carmen García de la Rasilla, 2009 This book remedies decades of critical neglect that has deprived the fields of art and literary criticism of one of the most important autobiographical and surrealist works of the twentieth century. It reveals the origins of the text, its relation to and role within Dalí's corpus, as well as its reception, provocative power, and lasting popular success. The study examines the literary contexts and sources of the text as well as its structural and narrative devices, and reveals its complex parodic mechanics that caricaturize the Freudian self. In addition, the book illuminates the pictorial elements of Dalí's narrative and the major components of his fictional self-portrait. Finally, an interpretation within the Freudian and Surrealist contexts of the fascinating and intricate drawings and photo

montages of *The Secret Life* illustrates the uniqueness of an autobiography designed to be read as much as to be contemplated. Illustrated. Carmen Garcia de la Rasilla is Associate Professor of Spanish at the University of New Hampshire.

Salvador Dalí Dawn Ades, Fiona Bradley, Tate Gallery Liverpool, Salvador Dali Museum, 1998 Published to accompany a major exhibition of his work, in Liverpool and St Petersburg, this study presents Salvador Dali's engagement with myth, legend and belief. Focusing mainly on the 1930s and early 1940s, during his involvement with the surrealist movement, it explores his illustration and adaptation of classical, popular and Catholic narratives, his fascination with stories in collective ownership and his determined appropriation of them for the self-consciously orchestrated story of his own life.

Discoveries: Dali Jean-Louis Gaillemain, 2004-07 Salvador Dali (1904-1988) was one of the most popular and most visible artists of the last century, known for his provocative, hallucinatory works and his dramatic, eccentric personality. Raised and educated in Spain, he later moved to Paris, where he played a major role in the Surrealist movement. He created an astoundingly diverse body of work, including paintings, drawings, and graphic works, as well as writing and illustrating books and collaborating with director Luis Bunuel on two films. Dali later experimented with other forms of creative expression, conceiving the decor and scenarios for several major ballets, designing stage sets for operas and plays, working on special sequences for Hollywood movies, and designing jewelry. In this fascinating account, journalist and art historian Jean-Louis Gaillemain focuses on the intimate details of Dali's life, especially his intense relationship with his longtime partner, Gala Eluard, and discusses how the artist's psychological views and state of mind influenced his work.
