

History Of United Nations

Kent J. Kille,Alynnna J. Lyon

United Nations Stanley Meisler,2011 United Nations: A History begins with its creation in 1945. Although the organization was created to prevent war, many conflicts have arisen, ranging from The Korean War, to The Six Day War, to genocide in Bosnia and Rwanda. Stanley Meisler's in-depth research examines the crises and many key political leaders. In this second edition, Meisler brings his popular history up to date with accounts of the power struggles of the last fifteen years, specifically spotlighting the terms of secretaries-general Boutros Boutros-Ghali, Kofi Annan and Ban Ki-moon. This is an important, riveting, and impartial guide through the past and recent events of the sixty-five-year history of the United Nations.

The United Nations: A Very Short Introduction Jussi M. Hanhimäki,2015-05-05 After seven decades of existence has the UN become obsolete? Is it ripe for retirement? As Jussi Hanhimäki proves in the second edition of this Very Short Introduction, the answer is no. In the second decade of the twenty-first century the UN remains an indispensable organization that continues to save lives and improve the world as its founders hoped. Since its original publication in 2008, this 2nd edition includes more recent examples of the UN Security Council in action and peacekeeping efforts while exploring its most recent successes and failures. After a brief history of the United Nations and its predecessor, the League of Nations, Hanhimäki examines the UN's successes and failures as a guardian of international peace and security, as a promoter of human rights, as a protector of international law, and as an engineer of socio-economic development. This updated edition highlights what continues to make the UN a complicated organization today, and the ongoing challenges between its ambitions and capabilities. Hanhimäki also provides a clear account of the UN and its various arms and organizations (such as UNESCO and UNICEF), and offers a critical overview of the UN Security Council's involvement in recent crises in Iran, Afghanistan, Iraq, Ukraine, Libya, and Syria, and how likely it is to meet its overall goals in the future. Regardless of its obstacles, the UN is likely to survive for the foreseeable future. That alone makes trying to understand the UN in all its manifold - magnificent and frustrating - complexity a worthy task. With this much-needed updated introduction to the UN, Jussi Hanhimäki engages the current debate over the organizations effectiveness as he provides a clear understanding of how it was originally conceived, how it has come to its present form, and how it must confront new challenges in a rapidly changing world. ABOUT THE SERIES: The Very Short Introductions series from Oxford University

Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

The A to Z of the United Nations Jacques Fomerand, 2009-07-29 Consisting of 192 Member States, the United Nations was founded in 1945 to maintain international peace and security; to develop friendly relations among nations based on the respect for the principle of equal rights and self-determination of peoples; to achieve international cooperation in solving problems of an economic, social, cultural, or humanitarian character; and encouraging respect for human rights and for fundamental freedoms for all without distinction as to race, sex, language, or religion. Just how successful the UN has been in maintaining these goals is covered in *The A to Z of the United Nations*. Author Jacques Fomerand provides a comprehensive dictionary of nearly 900 cross-referenced entries on the UN's various committees and organizations, its leaders, terms, policies, and major events in which the UN took part. Supplementing the dictionary entries are a chronology, an introduction, a bibliography, and appendixes, which include a reproduction of the UN's Charter and the Universal Declaration of Human Rights, as well as a list of the Member States and when they joined.

The History, Structure, and Reach of the UN Heather Docalavic, 2018-08 Despite criticisms of its failures and ineffectiveness, the United Nations (UN) has shown itself to be stronger and longer lasting than the international bodies that came before it. In an overview of the history and structure of the United Nations, this volume examines the UN Charter, the major UN divisions, and efforts at reform as the UN continues to evolve to address modern global issues. Learn more about the UN's place in the world and how it operates in *The History, Structure, and Reach of the UN*, one of the titles in *The United Nations* series.

A History of the United Nations Evan Luard, 1982-05-27 This, the first volume of a major work, describes the establishment of the United Nations, the controversies and debates within the organization and the political factors surrounding these during the first ten years of its life.

"We, the Peoples ." American Association for the United Nations. Education Committee for School and College Activities, 1948

The United Nations Laurence Peters, 2016-04-29 Before the UN could be created the idea of a global body dedicated to the preservation of peace had first to be imagined. The book traces the evolution of a complex web of ideas that emerged from the ancient world concerning the need for a governing body to control the actions of sovereign nations.

The United Nations in International History Amy L. Sayward, 2017-02-23 *The United Nations in International History* argues for a new way of examining the history of this central global institution by integrating more traditional diplomacy between states with new trends in transnational and cultural history to explore the organization and its role in 20th- and

21st-century history. Amy Sayward looks at the origins of the U.N. before examining a range of organizations and players in the United Nations system and analysing its international work in the key arenas of diplomacy, social & economic development programs, peace-keeping, and human rights. This volume provides a concise introduction to the broad array of international work done by the United Nations, synthesizes the existing interdisciplinary literature, and highlights areas in need of further research, making it ideal for students and beginning researchers.

We, the Peoples American Association for the United Nations, Education Committee for School and College Activities, United Nations, 1947

What's the United Nations? ,1993 Gives a brief history of the United Nations and an overview of its structure and functions.

"We American Association for the United Nations. Educational Committee, 1945

Everyman's United Nations: A Basic History of the Organization, 1945-1963 ,1964

A Guide to Oil Marginal Field Law Mervyn Martin, Ifeanyichukwu Paschal Aniede, 2024-10-01 This book offers unique insight regarding the Nigerian government oil marginal field farm-out exercise which raised international concern over its ability to be fair, justified, and legal whilst requiring a cautionary application to avoid driving away investors. It demonstrates the prudence in developing oil marginal fields alongside renewable energy to aid the development and gradual switch to renewable energy. It traces the authority behind natural resources development and foreign direct investment in resolutions and policy statements of the UN and OPEC. It discusses petroleum business arrangements and Nigerian oil marginal field regulations, and reviews Nigerian marginal field development. Concluding the legality of the government farm-out exercise was drawn from a combination of the United Nations resolutions on developing countries sovereignty over natural resources and declaratory statements of the OPEC on member countries making policy development to take charge of their natural resources.

Library of Congress Subject Headings Library of Congress, 2002

The United Nations 50minutes, 2018-01-04 Keen to learn but short on time? Get to grips with the history of the United Nations in next to no time with this concise guide. 50Minutes.com provides a clear and engaging analysis of the history and principal achievements of the United Nations. The UN was founded in 1945 in the aftermath of the bloodiest war the world had ever seen, with its founding members aiming to maintain international peace and security and prevent destruction on such a vast scale from taking place again. Nowadays, the organisation consists of 193 members, meaning that almost every country in the world is represented, and its work spans a number of fields, including peacekeeping, the defence of human rights and sustainable development. In just 50 minutes you will: - Gain an understanding of the structure, aims and

functioning of the United Nations - Learn about its main areas of activity and key related bodies - Understand the criticisms that have been levelled at the UN and the challenges facing it in the future ABOUT 50MINUTES.COM History & Culture 50MINUTES.COM will enable you to quickly understand the main events, people, conflicts and discoveries from world history that have shaped the world we live in today. Our publications present the key information on a wide variety of topics in a quick and accessible way that is guaranteed to save you time on your journey of discovery.

The UN Charter, the Refugee Convention and the Responsibility to Protect Doctrine Ainoa Cabada,2026-01-23

This book investigates three key frameworks applicable to the protection of asylum seekers and refugees: the Charter of the United Nations, the Convention Relating to the Status of Refugees, and the Responsibility to Protect doctrine. Through rigorous analysis, it reveals how the current international refugee protection regime embodies a narrow, reactive approach and makes a compelling case that protection should also be preventative. While demonstrating that these three frameworks can work to protect refugee rights adequately, the author identifies significant normative challenges. The research exposes discrepancies and contradictions that potentially undermine the frameworks' effectiveness in protecting vulnerable populations. Building on this, the book advocates for establishing a preventative protection regime grounded in the normative principles of these frameworks. For this, it articulates an R2P Preventative Assessment Tool that integrates the development of protection plans alongside risk assessments. This book posits that shifting the focus of protection towards prevention could assist in minimising the impact of mass atrocities, armed conflict, and/or humanitarian interventions. This thought-provoking monograph will appeal to academics, researchers, students, practitioners, policymakers, and non-governmental stakeholders, including UN officials. Its interdisciplinary approach spans refugee studies, human rights, international relations, international organisations, and global governance. Readers interested in the development and evolution of international legal norms, the UN's navigation of sovereignty and displacement issues, and atrocity prevention will find this work particularly valuable.

The United Nations Christopher D. O'Sullivan,2005-01-01 This is a concise history of the United Nations is presented in two parts. Part One features an original narrative and analysis of historiographical questions, emphasizing the impact of the Cold War on the United Nations, the emergence of a postcolonial Third World bloc, the U.N.'s role in the Middle East and Africa, and the prospects for change and reform in the post-Cold War era. Part Two contains the most significant U.N. resolutions of the last 60 years, including dramatic General Assembly and Security Council debates and memorable addresses.

The United Nations Kent J. Kille,Alynn J. Lyon,2020-09-08 This key resource for anyone interested in the United Nations, global issues, or world politics provides accessible and comprehensive coverage of the history, growth, and development of ideas and institutions governing the globe. The United Nations has been an essential actor in world politics for 75 years. Its

entities have eliminated smallpox, protected the ozone layer, promoted arms control, and helped to save the lives of over 90 million children. Yet, it is frequently criticized as ineffective and antiquated. This book provides a balanced and systematic overview of the UN's contributions and challenges, highlighting areas where it plays an essential role in global governance as well as areas of redundancy and needed reform. This book provides readers with a clear, well-organized reference resource to the entire UN system-its principal organs, specialized agencies, programs and funds, and key issues of engagement. Through individual entries, it examines the history of UN engagement, ranging from peace and security to migration and climate change. It moves beyond a simple description of UN entities as it assesses the development of ideas (such as that of sustainable development), as well as responses to changes in world politics. Finally, it presents both the significant successes of UN work and continued challenges.

The United Nations I. G. Edmonds, 1974 A history of the United Nations which traces the organization from its origins at the end of World War II to the present day and describes the range of activities in which it is now involved.

History Of United Nations Introduction

In the digital age, access to information has become easier than ever before. The ability to download History Of United Nations has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download History Of United Nations has opened up a world of possibilities. Downloading History Of United Nations provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading History Of United Nations has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download History Of United Nations. These websites range from academic

databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading History Of United Nations. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading History Of United Nations, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download History Of United Nations has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array

of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About History Of United Nations Books

1. Where can I buy History Of United Nations books?
Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available?
