The Multicultural Dictionary of Proverbs Harold V. Cordry, 2015-08-31 All cultures have proverbs that capsule subjects simply and effectively. Many of these are cross-cultural. For example, according to a Danish proverb, The greater the fear, the nearer the danger, while a Latin proverb says, The less there is of fear, the less there is danger. This work includes over 20,000 proverbs from more than 120 languages, nationalities and ethnic groups. The proverbs are arranged under 1,300 headings (e.g., accidents, divided loyalty, marriage, prosperity, shame), and each includes the nationality, group or language in which it originated. Comprehensive keyword and subject indexes allow access to the material in multiple ways.

Train the Brave Margie Warrell, 2019-01-16 What would you do today if you were being brave? Courage begets courage. It's a habit. Doing something brave everyday - no matter how small - unlocks new possibilities, opportunities and pathways to thrive in your work, relationships and life. Drawing on her background in business, psychology and coaching, best-selling author Margie Warrell guides you past the fears that keep you from making the changes to create your ideal life. In today's uncertain times, fear can unconsciously direct our lives. Start small, dare big, and begin today to live with greater purpose, courage and success. Originally published in 2015 as Brave, this book has been reviewed and redesigned to become part of the Wiley Be Your Best series - aimed at helping readers achieve professional and personal success.

Civilization's Quotations, 2002 These 8000 clever and insightful sayings, organized by theme, will enrich the prose of writers, public speakers, and anyone seeking to lead or persuade. It also provides a wealth of inspirational affirmations to guide us in our lives. Chinese proverbs, Roman maxims and the wisdom of writers from William Penn to Kahlil Gibran cover themes from humility and patience to courage, will and action. The topics are arranged in a sequence that begins with birth and progresses through the seasons of the Ideal Life. When possible, each quotation flows into the next one so that the whole section reads almost like a speech given by one person. In other sections, one quotation plays off another, creating a lively discussion amongst the authors.

Trivium John Michell, 2020-09-01 The TRIVIUM consists of the three liberal arts pertaining to language. Grammar, logic, and rhetoric have been studied for over two thousand years as a way of refining both a speaker and their speech. With extra sections on euphonics, poetic meter and form, ethics, and proverbs, this unique compendium contains a wealth of rare information. If you've ever wanted to know more about the power of 'P', the hypnotic quality of anapestic tetrameter, or how

to change the mood of a verb, then look no further. If you've ever needed to spot a red herring, wield a zeugma, or improve your ethos, then this is the book for you.

The International Thesaurus of Quotations ,1996 This edition of The International Thesaurus of Quotations is a must for every serious writer or public speaker. Arranged as a true thesaurus the reader can quickly locate pertinent quotations under any of 1,000 topics. The quotations contained are timely, poignant and brief-just the thing to open or close a speech, bolster an argument, or get a laugh.
