Diario de las emociones (Edición especial tabletas) Anna Llenas, 2014-06-05 ¡Dibuja y escribe en tu tableta! Edición digital especialmente producida para poder realizar los ejercicios en dispositivos electrónicos con pantalla táctil. ¿Qué sientes en este momento? Identificar lo que uno siente parece fácil pero, en realidad, no lo es tanto. Se nos ha enseñado a pensar, a actuar, a decidir, pero... ¿y a sentir? Este diario trata precisamente de eso. De que sientas tus emociones, las reconozcas y las expreses de una manera lúdica, práctica, divertida y creativa. Mediante una serie de ejercicios artísticos podrás dar rienda suelta a tu creatividad, canalizar tus emociones negativas y fomentar tus emociones positivas, logrando así un aumento del bienestar y un mayor autoconocimiento. Pero tranquilo, no hace falta saber dibujar. Tan solo necesitas tres cosas: - Una tableta - Ganas de experimentar y pasártelo bien. - Ganas de conocerte un poco más.

Affectivity and Learning Pablo Fossa, Cristian Cortés-Rivera, 2023-07-27 This book presents an interdisciplinary approach to the study of affectivity and human learning by bridging the gap between neuroscience, cultural and cognitive psychology. It brings together studies that go beyond the focus on cognitive-intellectual variables involved in learning processes and incorporate the study of the role played by affectivity and emotions in learning not only at educational settings but in all processes of transformation and human development, thus presenting affectivity as a catalyst and mediator of all daily learning processes. Chapters brought together in this contributed volume present both theoretical contributions and results of empirical research from different disciplines, such as neuroscience, cognitive psychology, cultural psychology, educational psychology, developmental psychology and philosophy, and are grouped into five thematic sections. The first part of the book brings together chapters discussing different aspects of the role played by affectivity in learning processes from the perspectives of cultural, educational and developmental psychology. The second part is dedicated to the role of affectivity for teachers during their training as educators and during their pedagogical practice in diverse contexts. The third part focuses on the relationship between affectivity and learning from a neuroscientific point of view. The fourth part discusses affectivity and learning in therapeutic and clinical contexts. Finally, the fifth part brings together chapters about affectivity and learning in everyday life. By bringing together this rich interdisciplinary collection of studies, *Affectivity and Learning: Bridging the Gap Between Neurosciences, Cultural and Cognitive Psychology* will be a valuable resource for researchers in

the fields of psychology, neuroscience and education, as well as for educators and teachers interested in knowing more about the relationship between affectivity and human learning.

Biblioterapia para el acompañamiento emocional de la niñez y la adolescencia Luz Ibáñez, Emilio Cárcamo, Ana Cecilia Ojeda, María Carolina López, José Alejandro Gómez, Jhonatan Fabián Gómez, 2024-12-04 El presente libro surge como producto de la sistematización de experiencias generadas a partir del desarrollo de la investigación La lectura de literatura infantil como estrategia de acompañamiento y bienestar emocional de niños/as escolarizados en situación de confinamiento durante la pandemia Covid-19, la cual se concibió y desarrolló desde una perspectiva interdisciplinaria, aunando el encuentro de prácticas y saberes de las Ciencias Sociales y Humanas y de las Ciencias de la Salud. Además, es un libro que permite revisar el tema de la biblioterapia con un enfoque interdisciplinario desde la rigurosidad de la literatura y desde el enfoque psicoterapéutico del cuidado de enfermería, razones que hacen de esta obra una contribución al desarrollo de la ciencia del cuidado y de la literatura con su función no solamente de la animación y la mediación literaria sino desde un enfoque terapéutico, que permite acercarse a la exploración de las emociones desde la lectura, con el propósito de explorar la lectura de cuentos infantiles, centrados en aspectos importantes del proceso lector: la dimensión psicoemocional y la dimensión social.

Leadership and Organizational Sustainability Elia Socorro Díaz Nieto, David Israel Contreras Medina, Roberto Tuda Rivas, 2023-06-27 The book presents a new type of leadership focused on sustainable human development and organizational sustainability, which is based on the self-realization of the person of the leader, which means the satisfaction of their needs, according to the scale of Abraham Maslow, through integral human development in all aspects of life. Because the term leader appears to refer to anyone with the authority to confer a position with subordinates, the reality within organizations has shown that a leader must go further and demonstrate commitment, awareness, and concern for the common good. Which person has these characteristics? People who have had more opportunity to develop in different areas of their being, resulting in them being conceived as more educated. The qualities in a person are the basis of leadership. Education and practice are much more important than all hereditary and genetic codes. This volume explores the various ways of making explicit the dimensions of social, economic, and environmental sustainability through knowledge management that addresses the identification, collection, processing, circulation, use, exchange, and preservation of knowledge within operating systems and the context of organizations, considering issues that contribute to sustainability - human and organizational - where the leader is the main actor and the means is knowledge management.

Inteligencia y Gestión emocional del profesorado en la Escuela Pedro Rojas Pedregosa, 2019-04-10 Las emociones forman parte de nuestra forma de ser y de cómo reaccionamos ante las distintas circunstancias que nos suceden a diario. Las experimentamos y percibimos desde el inicio de nuestras vidas. Desde nuestros primeros años de existencia comenzamos a

desarrollarlas y a medida que vamos avanzando en edad las afianzamos. Lo mismo ocurre con la inteligencia, que unida a las emociones conforman lo que desde ya hace algún tiempo se viene manifestando como el santo grial de la nueva forma de sentir y pensar: La Inteligencia Emocional. Por otro lado, mucho se ha avanzado en la forma de entender el funcionamiento de nuestro cerebro. Las investigaciones nos dan pistas y herramientas para poder hacer que la atención o la motivación puedan ser trabajadas en cualquier sector de la vida. En concreto, en el mundo de la educación, ya sabemos que podemos involucrar a nuestros estudiantes bajo el prisma de la curiosidad y en períodos de tiempo cortos, pues sino desaparece el foco atencional. Del mismo modo se evidencia que el trabajo cooperativo favorece el rendimiento escolar. Así mismo, otro tipo de factores, como la distribución del aula, el sueño, la alimentación, el ejercicio físico, el juego o la distribución de las asignaturas son elementos importantísimos para facilitar un buen progreso educativo entre nuestros niños y adolescentes. Este libro lo que pretende no es ser un libro de cabecera, sino todo lo contrario. Procuraremos que se convierta en un punto de partida para que todo el profesorado comience a despertar e indagar más profundamente en los nuevos estudios sobre Neuroeducación y/o inteligencia emocional. Y de esta manera conforme su propio programa anual educativo atendiendo a todos los factores de los que estamos hablando. Que se acomode al entorno sociocultural dónde desea implantarlo y desarrolle sesiones que haga que las nuevas generaciones sean libres, responsables y críticas. Eso sí, sin que el sentido común falte y recobremos el sendero de ilustración cultural que se ha perdido en estos últimos tiempos. En este manual encontrareis una evaluación inicial que os hará ver del nivel de conocimientos con el que partís para afrontar este nuevo capítulo educativo que nos habéis propuesto recorrer. También, después de cada capítulo hallaréis otra para evaluar vuestra situación actual y la que tenéis tras explorar los contenidos propuestos. Todas las respuestas se pueden localizar al final de la obra. Se os ofrece, igualmente, un apartado de recursos educativos con los que poder llevar a cabo actividades, pero es importante no acomodarse sólo a estas herramientas. Aconsejo investigar y elaborar una lista de materiales propios y de renovación continua. Para ello es muy importante estar continuamente informado de los nuevos avances que se van produciendo continuamente, en esta materia, a través de asistencia a cursos, congresos, seminarios, etc.

Las mujeres deportistas en la prensa: los Juegos Olímpicos de Londres 2012 Begoña Sanz Garrido (coord.), Miren Berasategi, María J. Korkostegi, Ana Recalde, 2015-02-20 Los Juegos Olímpicos de Londres 2012 recibieron el sobrenombre de “los juegos de las mujeres”: compitieron 4.676 (el 46% de los atletas), en todos los deportes y todas las delegaciones tuvieron una representante femenina. Pero esta paridad de participación entre hombres y mujeres, ¿se reflejó en la cobertura informativa que la prensa hizo de dicho evento? ¿Cuáles fueron los valores y estereotipos que se asociaron al deporte femenino en el discurso difundido por los periódicos? Para dar respuesta a estos interrogantes, las autoras de este libro llevan a cabo el análisis cuantitativo y cualitativo de las informaciones sobre este acontecimiento publicadas en periódicos referentes de la prensa vasca, nacional y deportiva. Los resultados de dicho análisis se complementan con un estudio de los momentos clave y de los factores influyentes en el proceso de incorporación de las mujeres a la práctica deportiva, y con un recorrido histórico por los Juegos Olímpicos, para entender, en toda su dimensión, los recientes celebrados en Londres en el verano del 2012.

Psychosocial Perspectives on Community Responses to Covid-19 Emma O'Dwyer, Luiz Gustavo Silva Souza, 2022-12-29 This highly topical edited book documents the community response to Covid-19 across national contexts, exploring the widespread development and mobilisation of community initiatives and groups. It provides rich analysis of case studies from the Global North and South, including South Africa, the USA, India, China, Mexico, Brazil, Italy, Australia, the UK, Turkey, and Argentina. The Covid-19 pandemic motivated a significant community response globally, with the widespread development and mobilisation of bottom up community initiatives and groups. These community responses were an essential yet often unseen and unrecognised means by which people survived the pandemic. This book asks questions such as how were community responses to Covid-19 shaped by national, cultural and political processes and phenomena; how

did community responses to Covid-19 interact with public policies, on health, education, and social welfare; and what are the likely political implications of the community response to Covid-19? Discussing the provision of abortion care in Latin America, the support to marginalized communities in Kolkata, and the mobilisation of carnival krewes in New Orleans, to give a few examples, the text adopts and develops a novel socio-cultural psychological approach, weaving together contributions from scholars working in diverse disciplinary fields. The text highlights the importance of integrating multiple levels of analysis, including psychological, sociological, and political/ideological, to investigate how communities respond to crises such as the Covid-19 pandemic, and how they can plan for and manage future crises. This is essential reading for academics and students in psychology and the social sciences, as well as policy-makers, charities, and third-sector organisations.

Psychology and Covid-19 in the Americas Nelson Portillo, Melissa L. Morgan, Miguel Gallegos, 2023-11-25 This book is the first of two volumes that bring together the works presented at the congress Contributions of Psychology to COVID-19, organized by the Interamerican Society of Psychology in 2020. This was one of the first virtual international meetings on psychology and COVID-19 in the world and brought together researchers and professionals from South, Central and North America in a single online event. The content of both volumes includes many of the first issues addressed by researchers, scholars, and practitioners across the Americas at the start of the pandemic – before vaccines, before knowledge of treatment and impact, before our worlds and daily lives were forever changed. Chapters in the first volume focus on the impacts of the pandemic in mental health, social and family dynamics, educational processes and the work of health professionals. Chapters in the second volume are dedicated to studies addressing the impacts of the pandemic in vulnerable populations; proposals of psychological interventions to deal with the distress caused by COVID-19; strategies of coping, resilience and adaptation; and the development of psychological instruments of measurement and assessments during the pandemic. The content of these two volumes marks a baseline for the collective work initiated by psychologists who came together to answer the call to combat the pandemic across the Americas. In that sense, both volumes are truly a “snapshot in time” that could help us assess in the future how much progress we have made to apply psychology to the pressing demands of our time.

Maneja tus emociones (Un devocional de 90 días) Joyce Meyer, 2025-01-07 Aprende a gobernar tus emociones antes de

que te gobiernen a ti con la autora Joyce Meyer, bestseller número uno del New York Times y renombrada maestra de la Biblia. Los altibajos de la vida representan múltiples desafíos y nuestras emociones quieren oscilar a consecuencia, como una montaña rusa emocional que nos lleva de un extremo a otro a lo largo del día... si lo permitimos. Nuestros sentimientos tienen un propósito, pero si dejamos que dicten nuestra forma de actuar, perdemos paz y estabilidad, lo cual solo conduce a confusión, ansiedad, ira y una horda de actitudes no sanas. Es una forma peligrosa de vivir, y podría ocasionar que tomemos malas decisiones que afecten a otros y a nosotros mismos. Pero no tiene por qué ser así. La sabiduría contenida en la Biblia te puede enseñar a manejar tus emociones día con día, sin importar el reto que te presente la vida. ¡Y con este devocionario de 90 días descubrirás cómo hacerte cargo de esas volubles emociones antes de que ellas se encarguen de ti!
