Michael Brown

Gong Hee Fot Choy Book of Fortune revised Margarete Ward,2012-02-01 Foretell the future using a deck of regular playing cards and a divination game, which traces its origins to the principles of astrology and Chinese numerology. The familiar Gong hee fot choy! means greetings of riches, and confirms the ancient belief that life's odds are three-to-one in favor of prosperity over poverty, success over failure, and good fortune over bad. It is also thought that the future can be forecast--and even influenced--if we know how to interpret the signs and understand their meanings. Each playing card and each house (illustrated on the game board) are identified with a particular outcome. For a glimpse of what the future holds, grab a deck of playing cards and this book. Have fun and may fortune smile upon you.

The book is an interpretation of what it means to be lucky, as well as a fun way to predict the future using traditional Chinese wisdom.
