

Good Night Irene

Sam Shepard

Good Night, Irene Luis Alberto Urrea, 2023-05-30 This New York Times bestselling novel tells an exhilarating World War II epic that chronicles an extraordinary young woman's heroic frontline service in the Red Cross. "Urrea's touch is sure, his exuberance carries you through . . . He is a generous writer, not just in his approach to his craft but in the broader sense of what he feels necessary to capture about life itself." —Financial Times In 1943, Irene Woodward abandons an abusive fiancé in New York to enlist with the Red Cross and head to Europe. She makes fast friends in training with Dorothy Dunford, a towering Midwesterner with a ferocious wit. Together they are part of an elite group of women, nicknamed Donut Dollies, who command military vehicles called Clubmobiles at the front line, providing camaraderie and a taste of home that may be the only solace before troops head into battle. After D-Day, these two intrepid friends join the Allied soldiers streaming into France. Their time in Europe will see them embroiled in danger, from the Battle of the Bulge to the liberation of Buchenwald. Through her friendship with Dorothy, and a love affair with a courageous American fighter pilot named Hans, Irene learns to trust again. Her most fervent hope, which becomes more precarious by the day, is for all three of them to survive the war intact. Taking as inspiration his mother's own Red Cross service, Luis Alberto Urrea has delivered an overlooked story of women's heroism in World War II. With its affecting and uplifting portrait of friendship and valor in harrowing circumstances, *Good Night, Irene* powerfully demonstrates yet again that Urrea's "gifts as a storyteller are prodigious" (NPR).

Goodnight, Irene Carol Lay, 2007 Comprehensive collection of Carol Lay's Irene strips from Good Girls comics (Fantagraphics), which originally appeared in 1980, including 23 pages which have never been published before. Irene is a satire of the women in romance comics who are constantly in a state of heartbreak and falling in love. However, Irene has a lip plate that constantly gets in her way.

Poems & Songs Thomas McCavour, 2020-09-23 *Poems & Songs Old & New* is a collection of 120 songs and 55 poems by a writer that clearly adores them. There is a lot of love in the reproduction of so many songs and poems that people remember and appreciate, including such classic songs as, Bohemian Rhapsody, Hey Jude, Hotel California, November Rain, Let It Be, Beer Barrel Polka. Sounds of Silence, You Are My Sunshine, Mama Mia, Ramblin Rose, Yellow Bird, Goodnight Irene, You Are My Sunshine and Satisfaction. A brief biography of some of the famous singers , who sang the songs, such as

Frank Sinatra, Perry Como, Nelson Eddy and Jeanette MacDonald is also included. The collection of poems includes *In Flanders Fields* by John McRae, *The Raven* by Edgar Allen Poe, *A Girl* by Ezra Pound and *Daffodils* by William Wordsworth. McCavours also includes some of his own poems, including *A Friend of Ours*, which was first published when he was only fourteen years old.

States of Shock Sam Shepard, 1992 THE STORY: The evening begins with a bang. The deceptive calm of a family restaurant, filled with two disgruntled customers and an inept waitress, is disrupted by offstage sounds of war and destruction. The real disruption begins with the entrance of the

Essential Computational Thinking Ricky J. Sethi, 2020-06-17 Essential Computational Thinking: Computer Science from Scratch helps students build a theoretical and practical foundation for learning computer science. Rooted in fundamental science, this text defines elementary ideas including data and information, quantifies these ideas mathematically, and, through key concepts in physics and computation, demonstrates the relationship between computer science and the universe itself. In Part I, students explore the theoretical underpinnings of computer science in a wide-ranging manner. Readers receive a robust overview of essential computational theories and programming ideas, as well as topics that examine the mathematical and physical foundations of computer science. Part 2 presents the basics of computation and underscores programming as an invaluable tool in the discipline. Students can apply their newfound knowledge and begin writing substantial programs immediately. Finally, Part 3 explores more sophisticated computational ideas, including object-oriented programming, databases, data science, and some of the underlying principles of machine learning. Essential Computational Thinking is an ideal text for a firmly technical CS0 course in computer science. It is also a valuable resource for highly-motivated non-computer science majors at the undergraduate or graduate level who are interested in learning more about the discipline for either professional or personal development.

The Hunted Charlie Higson, 2015-06-02 The sickness struck everyone sixteen and older. First it twisted their minds; next it ravaged their bodies. Now the sickos roam the streets, crazed and hungry for young flesh. Ella's friends had told her that the country would be safer than the city. They were wrong. Now they're dead and Ella's all alone--alone, that is, except for her silent rescuer, Scarface. But she doesn't even know if he's a kid or a grown-up. Back in London, Ed is determined to find Ella and keep his promise to Small Sam that he will reunite sister and brother. But getting out of town has never been more dangerous. It seems that every sicko in the country is coming from all directions, almost as if they're being summoned to the capital. Will anything be able to stop the invading horde?

States of Shock, Far North, and Silent Tongue Sam Shepard, 1993-05-04 In his latest play, *States of Shock*, Sam Shepard turns a bizarre anniversary party into a grisly yet hilarious reopening of the wounds of war, sex, and family betrayal. This volume also includes Shepard's screenplay for the film *Far North* and the forthcoming film *Silent Tongue*.

Goodnight Irene Debby Harris,2016-12-28 Goodnight Irene is the story of a little girl named Irene and her stuffed owl Oliver. Each story is a magical adventure and incredibly descriptive, which makes you feel like you are right there with them. Oliver comes to life every night and takes Irene on the most amazing adventures and shares his wisdom with Irene. You will love the incredible friendship that they share while learning a life lesson. Goodnight Irene will make you want to hurry to bed to see what adventures you might go on.

Good Night Irene Leslie Morrish,2016-03-04 Goodnight Irene is the true story of a ship. A ship that holds a singular place in British Maritime history. Of a once vast fleet of West Country Merchantmen, she is the sole survivor still to sail. It is also the story of a man: the man who found her, rescued, restored and sails her.The substance of the book is a sailor's yarn. The yarn is woven into a canvas, a weft and weave of tribulation and ecstasy. On it is painted the picture of a relationship, that of man and ship.By profession the man is a psychiatrist, a healer of delusions. Yet it is his fantasies that the picture illuminates. The inner theme runs down that blurred edge between dream and reality.Much of the book is light, even flippant; the author defuses and debunks too serious a view of life.The story starts in 1965. The Irene lies derelict on the Hamble river.In naivety or madness (a recurring question that is never answered) the author buys the ship. She sails to London, Repair, restoration and conversion to a home are followed by a fire that sweeps the ship and leaves in its devastation the seeds of significant change.The story-line becomes wayward. Tales of sailing are interrupted with cameos of history, philosophy, psychiatry, and self-revelation.The direction is retained with the final voyage back to the waters of the West Country, to culminate in farce-flavoured triumph.The story in this book takes the ship and the man through the first two decades of their relationship. The picture of their next four decades together, of another fire, of a raising from the seabed, and another restoration, will all be illuminated elsewhere...
