Kool-Aid and Cariboo Stew Verena Berger, 2011-10-27 Verena Berger lives the typical European twentieth century immigrant dream. In 1979, she and her husband, Willy, moved - speaking little to no English - from a densely populated Switzerland to Central British Columbia. Verena's collection of creative non-fiction writings include their experiences as new Canadians living on a remote rural property - where they accumulated a yard full of goats and pigs before building a fence, and had children before running water - and other comical ESL (English as a second language) situations. Immigrants as well as second or third-generation Canadians will relate to these humorous and heartwarming recollections.

**The Hermeneutics of the Subject** NA NA, 2016-09-27 The Hermeneutics of the Subject is the third volume in the collection of Michel Foucault's lectures at the Collège de France, one of the world's most prestigious institutions. Faculty at the Collège give public lectures, in which they present works-in-progress on any subject of their choosing. Foucault's wide-ranging lectures influenced his groundbreaking works like The History of Sexuality and Discipline and Punish. In the lectures comprising this volume, Foucault focuses on how the self and the care of the self were conceived during the period of antiquity, beginning with Socrates. The problems of the ethical formation of the self, Foucault argues, form the background for our own questions about subjectivity and remain at the center of contemporary moral thought. This series of lectures

throws new light on Foucault's final works and shows the full depth of his engagement with ancient thought. Lucid and provocative, *The Hermeneutics of the Subject* reveals Foucault at the height of his powers.
