Songs of Resilience Andy Brader,2011-01-18 The chapters of this book form a persuasive chorus of social practices that advocate the use of music to build a capacity for resilience in individuals and groups. As a whole they exemplify music projects that share common features aligned with an ecological view of reform in health, education and social work systems. Internationally renowned and early career academics have collaborated with practitioners to sing 'Songs of Resilience'; some of which are narratives that report on the effects of music practices for a general population, and some are based on a specific approach, genre or service. Others are quite literally 'songs' that demonstrate aspects of resilience in action. The book makes the connection between music and resilience explicit by posing the following questions—Do music projects in education, health and social services build a measurable capacity for resilience amongst individuals? Can we replicate these projects' outcomes to develop a capacity for resilience in diverse cultural groups? Does shared use of the term 'resilience' help to secure funding for innovative musical activities that provide tangible health, education and social outcomes?

Choral Conducting Colin Durrant, 2003 Choral Conducting is a resource for singers, teachers, and choral conductors, and a college-level text for students of choral conducting. It also includes an overview of what is involved in leading a choral group and examines theories of learning and human behaviour and the history of choral music together with conductor's role. The book also discusses issues of the conductor-vocalist relationship, the mechanics of singing, rehearsal strategies, and more.

Sound Advice Jean Ashworth Bartle, 2003-03-06 Sound Advice is a valuable resource for college students, beginning teachers, and experienced conductors of children's choirs. It covers the vast array of skills needed by today's conductor and will benefit all choir directors who want their choirs to reach a higher level of artistry. This book will be useful on many levels: for the college student studying the child voice and elementary teaching methods; for the teacher beginning to direct choirs in schools, synagogues, churches and communities; for experienced children's choir directors who wish to know more about orchestral repertoire for treble voices, conducting an orchestra, and preparing a children's choir to sing a major work with a professional orchestra. The underlying educational philosophy is sound; the author sees development of musicianship through singing as the primary goal of a children's choir program. This philosophy differs dramatically from the traditional concept of the conductor as all-knowing and the singers as receptacles. An outstanding aspect of the book is how the author

leads the reader to an understanding of how to teach musicianship. Developing literacy in the choral setting is a mysterious, amorphous process to many conductors, but the author clearly outlines this important process with practical suggestions, well-documented examples, and a clear reading style which will reach readers on many levels. The comprehensive repertoire, skill-building sheets, and programs for all types of children's choirs will provide teachers with immediate and highly valuable resources.

The Making of the Drum Bob Chilcott, Kamau Brathwaite, 1999 for SATB and percussion instruments (4 sand blocks (optional), 2 rainsticks, 2 claves, 1 shaker, and a low-pitched tomtom played with hard sticks) OR SATB and low-pitched tomtom played with hard sticks, and marimba. This unusual and highly effective choral cantata in five sections uses poems which are a celebration of how the living spirit of the drum is brought alive. This is an exuberant and rhythmic work, and hugely exciting. All percussion is played by members of the chorus. The unpitched percussion parts are printed in the vocal score.

### The British Catalogue of Music ,2003

<u>Canticles of Light</u> Bob Chilcott,2000-09-07 for children's choir, mixed choir and orchestra or tubular bells and organ A dark and beautiful, yet also extremely approachable, work in three movements. The first two are darker in character: evening hymns that ask for protection and comfort through the night. The music lightens for the final hymn, a song for the morning that looks forward to a new beginning.

Music Performed at American Choral Directors Association Conventions, 1960-2000, 2002

**Glory to God** Hans Wülfing,2005 Suitable for SATB accompanied and unaccompanied, this title contains music from England's most important church composers with German as well as English or Latin texts. It offers the best of nearly five centuries of English church music. It includes 56 anthems, hymns, services, and psalms that cover various occasions in the church year.

An Irish Blessing for the Home Welleran Poltarnees, 2002-09 The Irish have a great gift for blessing. Their traditions include blessings upon myriad small daily actions and objects as well as blessings for all the major celebrations and trials of

human existence. They always wish for good. They ask for luck. Blessings are premised on the belief that putting wishes into words increases the probability of their fulfilment. There is also the assumption that we live in a sentient universe, where prayers and blessings are worth offering. The blessing in this book is traditional, and was found framed in many Irish homes in the last century.
