South American Handbook Daniel Austin, Ben Box, 2025-07-14 South America is a land of superlatives. Home to the world's longest mountain range, tallest waterfall, largest rainforest, driest desert, widest river and highest lake, it astounds with its variety. Now published by Bradt Guides, the award-winning, legendary South America Handbook holds a world record of its own as the longest-running English-language travel guidebook. This brand new, fully updated 95th edition celebrates the centenary of the Handbook, which remains as essential for travellers to South America today as it was in the 1920s. Embark on extraordinary journeys through the breathtaking landscapes and vibrant cultures of this amazing continent, where every corner tells of ancient civilisations or natural wonders. Wherever you travel, South America will uplift your senses – from the tropical sun rising over a palm-fringed beach to a bracing wind blowing off Andean salt-pans, from tango in downtown Buenos Aires to the culinary symphony of modern Peruvian cuisine, and from Easter Island's mysterious Moai statues to mainland Chile's majestic glaciers. Wander through the cobbled streets of historic Cusco, echoes of the Inca Empire resonating in every stone. Feel the rhythm of life in the sultry beats of Rio de Janeiro's carnival, where samba and colour take centre stage. Or explore the wonders of the Galápagos Islands, where nature unfolds in its purest form, revealing a paradise teeming with unique flora and fauna. Whatever South America inspires you to do, you will find that there is no limit to the passion that it fires within you. In this era of countless websites which bring images and information from every barrio and pueblito, the South American Handbook advises on how to navigate between each place, big or small, in every country. It is your key to a treasure trove of diverse landscapes, rich tapestry of cultures and hospitable peoples – and a celebration of the spirit of adventure and independence that characterises travel in the world's greatest continent. Drawing on the expertise of correspondents in the region and travellers' experiences, this centenary edition of the Handbook provides the thread from Acandí to Ushuaia and everywhere you may wish to stop off in between.

Evidencias y narrativas en la atención sanitaria Àngel Martínez-Hernández,Lina Masana,Susan M. DiGiacomo,2013-10-31

Este libro es el resultado de una reflexión colectiva en el marco del X Coloquio REDAM (Red de Antropología Médica) que, bajo el título De la evidencia a la narrativa en la atención sanitaria: biopoder y relatos de aflicción, se realizó en junio de 2013 en Tarragona. El objetivo de este encuentro fue analizar tanto las “narrativas de la evidencia”, entendidas como estrategias de construcción de la prueba en biomedicina, como la “evidencia de las narrativas”, entendida como constatación de que aquello que está o debería estar en juego en la atención sanitaria es principalmente la enfermedad como forma de sufrimiento. El libro recoge aportaciones de más de veinte autores nacionales e internacionales que inciden de forma polifónica en la construcción de una perspectiva antropológica de los sistemas médicos y de las aflicciones humanas.
