**Sociology and Popular Television** Raisa-Gabriela Zamfirescu, 2025-03-21 This book examines representations of gender, age and identity across the Hallmark film and television output in relation to specific periods of time that pertain to changes within the specific entertainment sector. Using a comprehensive collection of 628 original Hallmark television films released between January 2015 and December 2023, the book applies content analysis to a variety of quantitative, qualitative, and mixed data, including behind-the-scenes credits, actors and actresses, characters and their narratives, promotional posters, Facebook comments, and official synopsis. In addition to examining diversity of race and religion, it analyses ageism through the portrayal of elders and young people in idealized imagery and stereotypes, inclusivity of LGBTQ and disabled characters, and ageism in relation to both masculinities and femininities. This book will be of interest to readers in fields including gender studies and sociology, visual communication, film and television studies, aging, media and communications, and popular culture.

**Cheap Tricks and Class Acts** John "J.J." Johnson,2009-02-13 In the 1950s Hollywood unleashed a wave of monsters; everything from demon aliens and dinosaurs to blobs and bloated bugs infested theaters and drive-ins. Lost worlds were discovered, unnatural terrors shook the screen, gigantism ran rampant. Moviegoers were left with one question: How did they do that? This work uncovers the cheap and challenging behind-the-scenes production secrets of the fantastic films of the 1950s. Special technical effects, visual effects, menacing makeup, stunts, fantastic sets and film locations are all covered in detail along with the many men and women who shared in these occasionally brilliant and usually outrageous efforts. Also included is a lengthy checklist of the prominent makeup, stunt, prop and effects artists of the era, with a listing of their fantastic film credits.

The entries for individual films include brief descriptions of key scenes shot at the location, travel details, photographs, film stills, behind-the-scenes information, and insights as to what these places are really like. Also included are full-color features on major sites of special interest—Vertigo's San Francisco, Woody Allen's Manhattan, and a world Star Wars tour, among others—along with more obscure locations that have become sought-after travel destinations simply because of their connection to the movies.
