Remixing European Jazz Culture Kristin McGee,2019-12-09 Remixing European Jazz Culture examines a jazz culture that emerged in the 1990s in cosmopolitan cities like Amsterdam, Rotterdam, Berlin, London, and Oslo - energised by the

introduction of studio technologies into the live performance space, which has since developed into internationally recognised, eclectic, hybrid jazz styles. This book explores these oft-overlooked musicians and their forms that have nonetheless expanded the plane of jazz's continued prosperity, popularity, and revitalisation in the twenty-first century – one where remix is no longer the sole domain of studio producers. Seeking to update the orthodoxies of the field of jazz studies, *Remixing European Jazz Culture*: incorporates electronic and digital performance, recording, and distribution practices that have transformed the culture since the 1980s; provides a more diverse and multifaceted cultural representation of European jazz and the contributions of a variety of performers; and offers an encompassing picture of the depth of jazz practice that has erupted through Northern Europe since 1989. With an expansion of international networks and a disintegration of artistic boundaries, the collaborative, performative, and real-time improvisational process of remixing has stimulated a merging of the music's past and present within European jazz culture.
